

**District Parent Involvement Policy**  
**Milano ISD**  
**Statement of Purpose**

Milano ISD believes every child should have the opportunity to attain his/her full potential. Therefore, Milano ISD will maximize its resources to the extent reasonable and available to enable each child to have the opportunity to become a successful learner. A key resource is its people: administrators, teachers, school staff, parents, and community members. We will work together to establish effective partnerships; together everyone achieves more. School and home must work together to realize higher student achievement. Ongoing, two-way, meaningful communication will occur to facilitate mutual understanding and to stimulate student success.

Milano ISD will provide to all parents the grade level goals for its students. Milano ISD will also publish the STAAR testing schedule and assessment goals. Those students that need extra assistance will have access to programs that will give them opportunity to meet these goals.

Milano ISD will make every effort to include parents in the development, evaluation, and revision of the Parental Involvement Policy as it pertains to the Title I Program. The school/parent compact will describe the responsibilities of key stakeholders and useful channels of communication. The goal of our parental involvement program is student success.

The District Education Improvement Committee which consists of 2 parents, 2 community members, 6 teachers and staff, 1 principal and the superintendents' designee will develop and revise Milano ISD's Parental Involvement Policy.

Milano ISD will hold an annual meeting by the second six weeks of the new school year for all parents. At that meeting the Title I program will be described, the Parental Involvement Policy will be distributed, and opportunities for parental participation will be explained. Parent volunteers will be recruited to serve on the district advisory committee. There will be 2 opportunities to attend the annual meeting for the convenience of parents. Translators will be present at each meeting. Parents will be informed about the meeting in the newspaper and notices sent home with students.

Since the goal of Milano ISD is student success, the expectations for school performance, individual student assessments, and grade level curriculum will be provided in a format parents can understand.

Parents will be advised that the effectiveness of the Parent Involvement program will be evaluated annually and the policy will be revised to meet the needs of the students, school, parents, and community.

Milano ISD values the partnership of the parents in their children's education. There are many ways parents can make significant contributions to student success both at home

and by volunteering at the school. Student achievement is the result of effective home-school-community partnerships.

Annually, Milano ISD will assess the needs of the parents and children in the school community using a variety of tools including a survey or questionnaire. The findings will be used to revise the district programs to meet the current needs. Workshops or other training will be made available to educators and parents to address these needs. Parents will be notified about training opportunities.

Milano ISD will communicate with parents on a regular basis. Newsletters will be distributed at least 5 times a year. Important information will be provided in the student handbook, the school/parent compact, and on the district website. Frequent notices about student performance will be sent home with children, or provided by phone calls, emails, conferences, and/or in-home visits. In so far as possible all communication will be provided in a language and format the parents can understand. Parents are encouraged to contact the school or the child's teacher when questions or problems arise.

Milano ISD will work with its District Advisory Committee to evaluate the effectiveness of the parental involvement program. Surveys, classroom observation, assessment data, and other resources will be used to determine the needs and develop revised strategies for student success. Parental input will be sought. Revisions to the Parental Involvement Policy as it pertains to the Title I Program will be communicated to the parents.

Milano ISD is required to set aside at least 1% of its Title I funds for the purpose of parental involvement. Those funds will be divided among all Title I campuses. The campus principal will consult with the Campus Advisory Committee about allowable uses of the funds. The campus principal will then authorize the use of the funds designated for parental involvement.

Milano ISD is committed to the success of students. We will work together with parents to monitor the effectiveness of our parental involvement program as related to the Title I and to provide excellence in education. This policy will be promoted by the administrators, principals, and other school staff as we seek active participation by our parents.
