

## Kennebec Valley Book Award Reading Program Grades 3, 4, 5 2020-2021

Summer is a great time to read, so why not start with the KVBA booklist?

The RSU 38 Kennebec Valley Book Award Reading Program is a way to experience the best new children's literature selected by our district's elementary library staff.

Our goal is 100% participation in grades 3, 4, and 5 during the summer and school year. Students will keep track of how many books they read during the year. Family read-alouds count! Teachers will also be choosing some books to read in their classes.

The KVBA books are available for checkout in all of our elementary school libraries. Readfield, Wayne, and Mt. Vernon residents may find these books at their town libraries as well. Lithgow Library in Augusta also displays these books. You can also order books through the Maine State Library's Books By Mail program. It is free and the books arrive in your mailbox, but you do have to pay shipping to return the books by mail or you can drop them off at the Maine State Library. There is a book drop outside the library so you can drop them off anytime. You can also use Cloud Library app online to download books. That is a free service as well.

Students are required to complete a reading response for each book they read. If you want to do any over the summer, choose from one of the attached forms (make copies as needed) and keep your work together. Once the school year begins, students may turn in the reading responses to the school library.

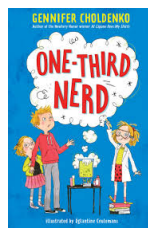

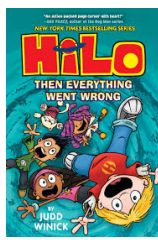

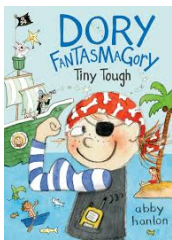

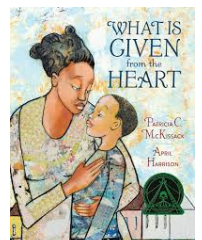

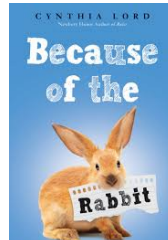

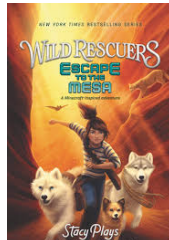

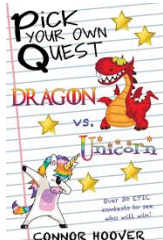

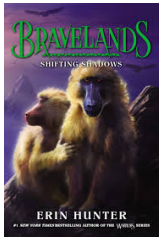

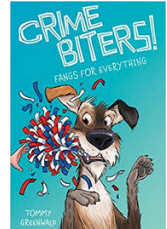

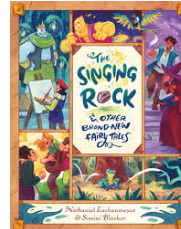

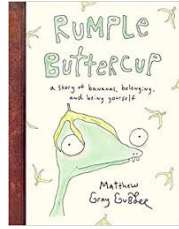

In the spring, we finish out the KVBA program with hosting school wide celebrations of KVBA reading with reading challenge games. This is a great opportunity for volunteering. If you are interested in volunteering please let the library staff know.

The elementary libraries have a new website and KVBA information is listed there as well as contact information if you have any questions. Check it out!
