Dear Parents and/or Guardians:

We are currently updating our permission information for photographs, videotapes and DVDs. From time to time, your child may be photographed during the school year during a classroom project, assembly, or field trip, or may be videotaped as part of a concert or other special school event. These photographs may be used on the school district's website, in school publications or released to the media to recognize student achievement or depict activities of the school. Videotapes or DVDs of special events are often made available to parents.

Please sign and return the below form **only** if you do **NOT** want your child photographed or videotaped. Please return this form to the Elementary or Secondary School main office.

Thank you.
