

NTI DAY 27

*April 21, 2020

Harrison County Schools

Name: _____

Grade: 1st

Teacher: _____

Complete within 2 weeks of returning to school.

First Grade NTI Day #27

Reading/Writing

Forest Stew

1. Reread the story with your student.
2. Complete the **Think About It** writing worksheet.

Phonics/Fundations

Complete the practice Phonics pages using the -or words. Afterwards, have your student practice reading words from the **Words to Practice** page.

Math- 3 Dimensional (3D) Shapes

Complete the lesson and guided practice with your student. Afterwards, your student should be able to complete the 4 Independent Practice problems.

Name _____

Think About It

Forest Stew
Think About It

Write an answer to the question.

1. Why doesn't Skunk's stew taste good?

Making Connections Think about something you have helped make in the kitchen. Write some sentences about what you made.

Name _____

Words with *or*, *ore*

The Garden
Phonics: *r*-Controlled Vowel
or, *ore*

 Write the word from the box that names each picture.

Word Bank

core

fork

horse

corn

horn

store

1.

2.

3.

4.

5.

6.

Name _____

Words with *or*, *ore*

The Garden
Phonics: *r*-Controlled Vowel
or, *ore*

 Circle the word that names each picture.

1.

horn hose horse

2.

stir store stick

3.

cane cone core

4.

corn can cup

5.

hop hose horse

6.

far foam fork

Name _____

Are all three of these shapes considered cylinders? Explain why or why not.

Lesson 14-7

Defining and
Non-Defining
Attributes of
3-D Shapes

I can ...

choose the defining
attributes of 3-D shapes.

© Content Standard 1.G.A.1
Mathematical Practices MP.3,
MP.7, MP.8

Are these all the same kind of 3-D shape?

We define 3-D shapes by the shape and number of faces or flat surfaces, and the number of edges and vertices.

How can I define a rectangular prism?

Just because shapes are the same size or color does not mean they are the same.

These shapes are all green. But I see a rectangular prism, a sphere, and a cylinder.

Color, size, and direction don't define a shape.

Some things about these shapes are different, but they are all rectangular prisms!

☆ **Guided Practice** ☆ Circle the words that are true for the shape.

Do You Understand?
Show Me! Write 2 things that are true about all rectangular prisms. Write 2 things that do not define rectangular prisms.

1. All cones:

are yellow.

have 1 vertex.

are open shapes.

can roll.

Name _____

☆ Independent Practice ☆

Circle the words that are true for each shape.

2. All cubes:

have 12 edges.

have 8 vertices.

cannot roll.

are blue.

3. All cylinders:

have 2 flat surfaces.

cannot roll.

are red.

can roll.

4. **Math and Science** Kevin wants to build a wall. Circle the 3-D shape or shapes he could use to build the wall.

Ms. Mattill's Music Notes

1st grade NTI Week 4 Day #27

This week I would like you to sing familiar songs together as a family. I have also included a coloring page on the back.

- Sing the song "If You're Happy and You Know It"
- Clap Your Hands/Stomp Your Feet/Shout Hooray/Do all three...
- You can make up your own verses to the song adding different activities.
- Draw some happy faces or write about something that makes you happy below.

Draw some happy faces.

If You're Happy

If you're happy and you know it, clap your hands,
If you're happy and you know it, clap your hands,
If you're happy and you know it,

Then your face will surely show it,
If you're happy and you know it, clap your hands.

Repeat using other motions.
