### **ATTENDANCE--U.S.D. #289 STUDENT ATTENDANCE POLICY**

WELLSVILLE HIGH SCHOOL ONLY ACCEPTS FULL TIME STUDENTS.

#### **LEGAL BASIS FOR ATTENDANCE**

Regular attendance is required of all pupils enrolled in elementary and secondary schools under Kansas compulsory attendance statute (K.S.A. 72-1111). It is a parental responsibility under Kansas statute (72-1111) to require regular school attendance “of any child who has reached the age of seven years and is under the age of 18 years”, unless the child is exempted by statute.

#### **OFFICE/PARENT CONTACT**

A student who is more than 15 minutes late will be considered absent. The high school office will expect a parent/guardian to call 785-883-2057 before 8:30 am if their child is not going to be in attendance. If we do not hear from the parent or guardian, the office will attempt to contact the parent/guardian by phone.

If no parent/guardian contact has been made by the time the student returns to school, the student will need to submit a note or the parent/guardian will need to call the office stating the reason and the date(s) of the absence. These will be used to determine if the absence is excused or unexcused. All absences without written or verbal parental/guardian notification will be

unexcused. Three consecutive days or five or more days of unexcused absences in any semester will result in the child being truant and subject to K.S.A. 72-1113.

### TRUANCY

Students who are truant and meet any of the following conditions will be reported to the appropriate authorities in Franklin County as required by state statute.

- Child is inexcusably absent three consecutive days
- Child is inexcusably absent five cumulative days within a semester
- Child is inexcusably absent seven cumulative days within a school year.

### ATTENDANCE POLICY

The U.S. Department of Education defines Chronic Absenteeism as a student that misses more than 10% of the school year. Chronic absenteeism is not the same as truancy. Truancy only counts unexcused absences, whereas chronic absenteeism counts all days missed. In order to not be considered chronically absent, students must attend at least 90% of all class periods in each academic semester. In practical terms this translates to missing no more than 8 school days per semester. Classes for school activities do not count toward these days.

When a student accumulates five absences in a class during a semester, the parents/legal guardians will be informed by letter.

Once a student reaches 9 absences in a semester (counting excused absences as well) the parents/legal guardians will be notified by letter of loss of credit due to violation of the attendance policy. The student may receive credit for the class if they choose to make up the missed class periods back to the allowed limit of 8. Arrangements to make up the missed class time may be made with the high school administration with all time to be made up before the end of the semester. Exceptions for extreme medical, health, or hardship situations may be made by the high school administration. Any time students or parents are concerned about the disposition of an attendance issue, they are encouraged to contact the building administrator for clarification.

### CATEGORIES OF ABSENCES

All absences are classified into three categories.

#### 1. EXEMPT

All Wellsville High School events in which a student participates are exempt.

#### 2. EXCUSED

The state of Kansas delegates to the Board of Education the responsibility of determining reasons for excusable absences. The following are reasons for excusable absences:

- Personal illness verified by a physicians or dentist's note with the exact dates of absence specified.
- Serious illness or death of a family member or close friend.
- Religious observance of the student's own faith.
- Court appointment with appearance verified.
- Emergency situations requiring immediate action.

It is the responsibility of the student to clear absences with the office within 24 hours of their return to school. Failure to clear absences will result in the absence being unexcused. A parental phone call or note is always required.

#### 3. UNEXCUSED

Unexcused absences are classified as meeting one of the following conditions:

- The student leaves during school hours without permission.
  - The student does not attend class.
  - Oversleeping
  - The student is not where they or the parent state they are.
  - The student fails to comply with building attendance procedures. This includes situations in which a parent/guardian fails to notify the attendance office within 24 hours of the student's return to school. Students who are absent unexcused will be assessed disciplinary points, in-school suspension, or a combination of the two. Students who are absent are not allowed to attend after school activities.
- A student whose absences are unexcused will receive no credit.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

### **Notification and Documentation**

The principal or designee shall notify the parent the same day as an incident. The sameday notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the sameday notification. Also, a parent may agree, in writing, to receive only one sameday notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include:

- (A) The events leading up to the incident
- (B) student behaviors that necessitated the ESI;

Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

#### **Law Enforcement, School Resource, and Campus Security Officers**

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs

At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances

#### **Reporting Data**

District administration shall report ESI data to the state department of education as required.

#### **Parents Right to Meeting on ESI USE**

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment,

develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation.

For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such a meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

#### **Local Dispute Resolution Process**

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be

informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board

### **MAKE-UP WORK**

If a student knows ahead of time that they will be absent it is their responsibility to get the assignments completed and turned in before they leave.

Beginning from the date a student returns to school after an excused absence, he/she is allowed the same number of days as days missed to make up work (longer time may be allowed due to unusual circumstances). If it appears that a student is taking advantage of this policy, the teacher may use his/her own judgment concerning the appropriate course of action. It is the responsibility of the student to contact the teacher and make the necessary arrangements. After the allotted number of days to make up work has passed, the incomplete grade will be recorded as an "F" on the transcript.

Missed tests will have to be taken in the time allowed for make-up work. Work not made up will result in a zero.

#### **Consequences of Violation of Technology Policies**

All of the policies and handbook procedures for acceptable use of the district network and the internet are intended to make technology more useful and enjoyable for students and teachers. The policies and procedures are also intended to minimize the burden of administering the network and servicing equipment so that more time can be spent enhancing services.

Use of the district network and its access to the resources of the internet is a privilege, not a right. Violations of the policies and procedures of the Wellsville Schools and U.S.D. #289 concerning the use of the district network will result in disciplinary action.

Three levels of punishment may be enforced by the administration. While the levels may be implemented in order, nothing prevents the administration from selecting any level depending on the facts and the severity of the violation.

#### **Level 1: Warning:**

The student would lose computer privileges of the district network and internet access until a parent conference is held. Any additional loss of privileges as determined by the administration will be discussed in this conference. In the case of vandalism or destruction of property the student and/or parent or guardian shall be required to pay damages before the student will regain privileges to the district network and/or internet access.

#### **Level 2: Pattern of abuse, repeated abuse, or flagrant violations:**

A student who engages in serious or persistent misbehavior by violating previously communicated written standards of conduct may lose any computer privileges to the district network and/or internet access for the remainder of the semester, or school year, or remaining school years, and recommended for suspension.

#### **Level 3: Suspendable/Expellable offense:**

A student could be suspended/expelled from school if he/she engages in conduct on the district network and/or internet that violates U.S.D. #289 board policies and guidelines or contains the elements of the offense of criminal mischief, as defined by state and federal law.

be assigned a combination lock. If the lock is not returned at the end of the school year, in good condition, the student will be charged \$5.00.

Students are responsible for furnishing needed materials in the advanced shop classes.

Textbook and Technology fees will be waived for all students who qualify for free meals prior to September 20. Students who pay fees and later qualify for free meals after September 20 will not be reimbursed for fees already paid. Students who qualify for free meals are still required to pay other fees. Students who are considered homeless as defined by the state or are in a foster care program will have all fees waived.

The procedure for determining eligibility is as follows:

- The eligibility procedure will begin on the first Thursday after the first ten days of classes each semester.

### **SPORTSMANSHIP (RULE 52):**

The effective American secondary school must support both an academic program and an activities program. We believe that these programs must do more than merely coexist—they must be integrated and support each other in "different" arenas. The concept of "sportsmanship" must be taught, modeled, expected and reinforced in the classroom and in all competitive activities. Therefore, all Kansas State High School Activities Association members stand together in support of the following sportsmanship policy.

**PHILOSOPHY**--Activities are an important aspect of the total education process in the American schools. They provide an arena for participants to grow, to excel, to understand and to value the concepts of SPORTSMANSHIP and teamwork. They are an opportunity for coaches and school staff to teach and model SPORTSMANSHIP, to build school pride, and to increase student/community involvement; this ultimately translates into improved academic performance. Activities are also an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of SPORTSMANSHIP for our youth as respected representatives of society.

**SPORTSMANSHIP IS GOOD CITIZENSHIP IN ACTION!**

**ALL ACTIONS** are to be **FOR, NOT AGAINST;**

**POSITIVE, NOT NEGATIVE** or **DISRESPECTFUL!**

Article 1: **SPORTSMANSHIP** is a general way of thinking and behaving. The following sportsmanship policy items are listed below for clarification:

- Be courteous to all (participants, coaches, officials, staff and fans)
- Know the rules, abide by and respect the official's decisions
- Win with character and lose with dignity
- Display appreciation for good performance regardless of the team
- Exercise self-control and reflect positively upon yourself, team and school
- Permit only positive sportsmanship behavior to reflect on your school or its activities.

### **SUBSTANCE ABUSE POLICY/STUDENT IN GOOD STANDING**

Participation in and attendance at extra-curricular activities at Wellsville High School is a privilege. This privilege is available for students as long as school and Kansas State High School Activity Association guidelines are followed by participants. Failure to adhere to the following substance abuse policy or failure to remain a student in good standing will result in suspension of the privilege of taking part in and attending activities at Wellsville High School.

The term "offense" indicates use, possession, disbursement, or being under the influence of alcohol, tobacco/e-cigs/vapor pens, or any illegal drugs, in or out of school at any time after the offender is first enrolled as a student at WHS. A student who is charged with a crime or arrested by law enforcement officers may not be considered in good standing and may be subject to the same consequences as a student who violates the substance abuse policy. Students who commit offenses that are illegal by law may be subject to more severe consequences than an action that violates the policy but is not illegal. An offense must be verifiable via student admission, police reports, documents from a court of law, direct observation by school personnel, or other evidence which is found to be reliable. Any offenses of the policy are cumulative over the course of their four years in high school and activities suspensions may carry over from one season to the next and/or from one school year to the next

First Offense

A. Three weeks suspension from attendance and participation in all school activities. This includes field trips, performances, contest and school dances including prom. During these 3 weeks the suspended student may participate in club meetings, practices, and class time activities associated with the activities of which they are members.

B. Conference with athlete, administrator, coach, and parents before reinstatement.

C. Completion of drug and alcohol education activities administered by Wellsville High School administration.

D. Coaches/sponsors may require fulfillment of additional responsibilities before reinstatement.

During these 3 weeks the suspended student may participate in club meetings, practices, and class time activities associated with the activities of which they are members.

B. Conference with athlete, administrator, coach, and parents before reinstatement.

C. Completion of drug and alcohol education activities administered by Wellsville High School administration.

D. Coaches/sponsors may require fulfillment of additional responsibilities before reinstatement.  
Third Offense

A. Eighteen weeks suspension from attendance and participation in all school activities. This includes field trips, performances, contest and school dances including prom. During these 3 weeks the suspended student may participate in club meetings, practices, and class time activities associated with the activities of which they are members.

B. Conference with athlete, administrator, coach, and parents before reinstatement.

C. Professional alcohol, or other drug assessment, or tobacco treatment program at the expense of the family will be required before reinstatement.

D. Coaches/sponsors may require fulfillment of additional responsibilities before reinstatement.

E. Any additional violations to the Substance Abuse Policy will be treated as a third violation. Violations of the Wellsville School District #289 Drug and Alcohol Policy by band and music students may cause the student to miss a graded performance. In this instance, the student will have the opportunity to write one research paper per performance missed on an appropriate music topic as decided upon by the instructor. The grade will be recorded in place of the performance grade.

## **SECTION IV--CLUBS AND ORGANIZATIONS**

### **CHEERLEADERS/DANCE TEAM**

Cheerleaders/Dance team must meet and maintain KSHSAA eligibility requirements to remain eligible.

Cheerleaders/Dance team are required to attend all scheduled practices (to be set by the sponsor). Failure to learn cheers or routines, failure to wear uniform on event day, missed practices, unexcused absences, or an uncooperative attitude may result in suspension or expulsion from the squad at the sponsor's discretion, subject to approval of the Activities Director.

If more than 12 students sign up for Dance Team, the sponsor/administration may require try-outs.

## **FORENSICS**

- Each student will attend and compete in at least five forensics festivals. This may involve Saturdays.
- Letters will be awarded on the basis of rounds of competition successfully completed.
- All students will conduct themselves with dignity and decorum while attending any forensic activity.

## **DRAMA CLUB**

Drama Club is for students interested in learning more about and participating in the performing arts.

## **FUTURE BUSINESS LEADERS OF AMERICA**

FBLA is for students interested in developing leadership skills and for students wishing to participate in school and community service related activities. Besides these opportunities, there are also a variety of social activities in which members can participate. Members do not have to be enrolled in a business course, although it is helpful. Each member must pay their membership dues by October 15 and attend a majority of membership meetings. With many activities from which to choose from, members must actively participate in at least five activities to compete at the state leadership conference, as well as participate in the district conference. Students are expected to conduct themselves by school guidelines and in an appropriate business-like manner during all FBLA projects and trips.

## **KAYS**

Members will be expected to pay their dues, attend all scheduled meetings and participate in the planned activities. Board members will be expected to do the above along with attending all board meetings. They will also be expected to carry out their designated responsibilities and be leaders who help instill enthusiasm into the organization.

## **NATIONAL HONOR SOCIETY**

Eligibility for membership is open to students in the tenth, eleventh, and twelfth grades. During the school year, it will be announced that applications for membership are open. It is the student's responsibility to make application for membership. Students who are interested in applying for membership will have to complete a form listing activities in which they have participated.

After a student applies for membership, a faculty selection committee reviews the applications. Membership in the National Honor Society is based upon excellence in four areas: scholarship, leadership, service and character. Each category is independently judged by the selection committee.

Students applying for membership shall have a minimum scholarship average of a B. If a student meets the scholarship requirement his/her eligibility will then be considered on his/her service, leadership and character.

Service: Based upon the student's contributions to school, classmates, and community. Also the student's attitude toward service is considered.

Leadership: Based upon the number of offices a student has held in school or community organizations. How active has the student been in school and community organizations?

Character: The selection committee will consider the positive aspects of character, such as honesty, responsibility, fairness, courtesy, tolerance, and cooperation. Students who have been arrested and found guilty of civil offenses or who have a chronic record of breaking school regulations will not be selected for membership.

If a student applies for membership, it does not automatically mean that he/she will be accepted. The faculty committee has the final recommendation in selecting a student for membership.

The National Honor Society requires that each member maintain the standards of scholarship, service, leadership, and character that were used as a basis for his/her selection. The advisor, faculty committee, and the principal have the responsibility for dismissing a member who fails to maintain National Honor Society standards. Usually one written warning will be given a member who is in violation of standards. For flagrant violations, the member does not necessarily have to be warned. A member is allowed only one warning during his/her membership. Once a member has been dismissed, he/she is never again eligible for membership and his/her membership card and emblem should be returned.
