Summer Food Program & Thank You

First I'd like to provide a hearty thank you to all WHES parents for hanging in there and supporting your children during this COVID-19 school closure. This has been an unparalleled time for public schools, students and parents and I believe everyone's response has been stellar. We certainly hope that by August our world will be in a place where we can safely return to a more normal routine and pattern. Again, parents, give yourself a pat on the back for all your efforts as they are greatly appreciated.

SUMMER FOOD PROGRAM

*All WHES parents received a text and email asking them to indicate, via a quick survey, whether or not they'd be interested in receiving breakfasts and lunches delivered to their homes throughout the summer, similar to the program we've been using during the school closure. This program is open to all children from the ages of birth-18 and there is no cost to families. **If you did not complete that survey but would be interested in receiving this food over the summer (until the end of August), please contact Vicki Dill (email: vdill@svrsu.org) and your family members will be entered onto the delivery list.** Meals will be delivered on Tuesday and Fridays throughout the summer.*

Have a great summer!

Office: Have a safe and happy summer! We look forward to seeing everyone back at school in September!

We are still accepting PreK applications and Kindergarten registrations for the 2020/2021 school year. Please contact the school for more information.

Food Pantry: We continue to receive support from the community and greatly appreciate everyone's efforts to keep our food pantry stocked.

Kitchen: Happy last day of school! It doesn't seem right to not have all of our students here. It doesn't feel like the end of school. I want to thank you for participating in our Tropical week last week. I hope you had fun and enjoyed the meals and surprise! I want to wish you a happy, healthy summer. I hope your days are filled with fun and adventures. Fall will be here soon enough, with hopes we will be back to our regular routine. I want to thank all of the families that have participated in our lunch program this year. If you have any feedback you would like to share, I welcome it. Your comments will help grow our program and help more students receive a nutritious meal at school. Be safe, have fun, and enjoy your summer! My best to all of you.
