**Re: School Cancellation Policy**

**Dear Parents/Guardians:**

We are quickly approaching the time of the year when winter weather can cause school cancellations at any moment. The Mammoth Spring School District will be using the *School Reach* phone announcement system to announce school cancellations and/or early dismissals. When possible, school cancellations due to early morning inclement weather will be broadcast by the phone system before 6:00 a.m., depending upon the weather situation at that time. If a decision has been made to cancel school during the evening hours for the following school day, the phone system will contact parents during the evening hours. The phone announcement system will be used to cancel school only, not to announce school being in session. If there are no announcements or broadcasts, school will be in session.

Please help the school keep the phone database up-to-date by notifying the elementary or high school offices if your phone number changes at any time during the school year.

The following outside agencies will also be used to broadcast school cancellations:

*K-Kountry 95 (95.1---Thayer, MO)*

*KSAR (92.3---Hardy/Salem, AR)*

*KAIT/TV (Channel 8---Jonesboro, AR)*

*School Closing Network (Springfield TV Channels---Springfield, MO)*

Sincerely,

David Turnbough, Superintendent
