Swim Class Descriptions

Aqua Babies 1: Ages 6 months-2 years old This age group is about bonding with the parent as they provide support & guidance at all times. Children are still developing strength and coordination while exploring the water environment. We play games and sing songs as parents learn how to hold their child and move them through the water. **A parent must be in the water with the child for the Aqua Babies classes**

Aqua Babies 2: Ages 2-4 years old This age group is ready to explore swimming more independently with the parent's guidance. Children will develop core strength, begin learning coordination of strokes and kicks while using noodles & equipment for support to help improve swimming skills. Water safety is also addressed. **A parent must be in the water with the child for the Aqua Babies classes.**

Level 1: Basic Water Skills 4-5 years Child must be comfortable in the water without a parent. Class includes introduction to the water environment, blowing bubbles/putting face in the water, front/back kicks, front/back floats, arm scoops, water submersion & water safety.

Level 2: Stroke Development 5-7 years Child must have prior swim instruction or basic swim skills. Development of front/back strokes, rhythmic breathing, flipping front to back/back to front, breaststroke pull & underwater exploration.

Level 3: Stroke Improvement 6-10 years Child must have taken Level 2 or instructor approval based on their skills. Continued stroke improvement on front/back, breaststroke basics, intro to butterfly, diving & treading water.

YOUTH ENRICHMENT

Dance Classes - Ages 3 - 12

CLASSES ARE HELD IN THE HIGH SCHOOL DANCE ROOM

Attire: Leotard and tights or leggings and a comfortable top.

Black tap shoes for tap, pink ballet shoes for ballet, and black jazz shoes for jazz

Instructor: Denise Carson

BALLET

This classical style is taught at all levels and is a great beginning place for any dancer. Ballet is a graceful, structured form of dance where the steps are built upon year after year. The students learn the proper French names for movements as well as the English translation. Ballet gives a dancer strength, flexibility, focus, coordination, and is the foundation of the dance world.

TAP

The world of tap is full of magical rhythm and sounds. Tap dancing focuses more on the feet and what they can do instead of using the whole body to tell the story. Tap compliments ballet nicely for students because tap works on the fine motor skills of the feet. Tap is also a progressive style of dance where you continue to build on what you have learned.

JAZZ (AGES 7 AND UP)

Jazz is a more energetic, free flowing style of dance. Students can begin jazz at the age of seven years old and may find some similarities between it and ballet. Not as slow moving as ballet, jazz takes the same steps from ballet and incorporates them into its own style. Jazz is a fun, upbeat, fast-paced form of dance.

ESTATE PLANNING BASICS

Fee: \$10.00 1 day

Probate, health care and estate tax laws have changed again. Find out how to prevent your assets from going through probate, how to protect them from estate and capital gains taxes, how to retain control of your affairs, and how to protect yourself against the costs of long term care. Learn about the new "Estate Recovery" law whereby the state can seek repayment from a person's estate for benefits paid, and ways to prevent that from happening. Discover the dangers of using joint accounts and quit claim deeds as estate planning tools. Learn about medical and financial powers of attorney, wills and living trusts. This course is taught by attorneys from Estate Planning Services, P.C. Min 5

HEALING SOUNDS...SOUND BATH

Fee: \$30.00

Tibetan Bowls and Gongs have been used for thousands of years to assist people into deep meditative states of consciousness. Experience an hour of listening to these sounds that can take you quickly into a place of stillness and calm. As your mind becomes quiet, your body starts the process of releasing stress. Everyone has a personal experience with sound. One person may feel very relaxed, another's thinking may have more clarity. Someone's blood pressure may lower, another's pain may be diminished. Some will have better sleep while another will find their energy is back. Whatever you find, will be just what you need. Students will be lying on the floor, please bring whatever you find to be comfortable. A thick mat or two. A zero-gravity chair. A blanket to keep you warm (your temperature will drop slightly as you relax). Maybe an eye covering and bolster for under your knees. A pillow for your head. Whatever helps you to relax, as this hour is all about you!
