Title I Program Information

Title I is part of the No Child Left Behind legislation that provides supplemental federal funding for low achieving children in school that provide free and reduced lunches for disadvantaged students. Title I is a program that provides extra academic support and learning opportunities for children who are farthest from meeting challenging state standards. Title I helps schools by supplementing the regular education program and by helping students meet the Indiana Academic Standards. Services are provided to students based on the academic needs of the individual children, not on the socioeconomic level of a child or his/her family. Parental involvement is an important component. Parents are provided information regularly regarding their child's progress and parents complete a parent notification of Title I services annually. If you have any questions regarding our Title I program please contact our Title I teacher or JSE's Principal.
