Building Futures: Every Scholar, Every Day

April 6, 2020

5:06 pm

JNPSD School Community:

As you probably have heard by now, Governor Hutchinson announced today that all schools in Arkansas are closed to on-site classroom instruction for the remainder of this school year. Alternative Methods of Instruction will continue during this time.

Secretary of Education Johnny Key stated that digital learning will continue, and school districts offering food service will need to follow CDC guidelines. He emphasized that seniors will graduate after completion of any remaining state or local requirements as well as concurrent college credit classes, Advanced Placement classes, and technical certification classes. The College Board will offer a "take-at-home" AP exam. The focus is on core content with elective-subject teachers supporting the core-content lessons. Secretary Key stated that the major effort should be on support and learning with flexibility.

Based on the continued closure, it is unclear how this situation will impact the 2020-21 school year. More information from the state level will be shared at the appropriate time. We know the frustration that this situation can cause for families, teachers, and scholars, and JNPSD and the other 240 school districts in the state are dealing with the situation as best as we can. The state and school districts are sharing information and practices in an effort to make the best of the current conditions.

Our staff continues to provide support for our scholars and families, and we appreciate our community's support. The teachers and staff are doing great things. Even in this time of crisis, our teachers have found ways to celebrate scholar and staff successes along the way. **Thank you JNP teachers and staff for providing meritorious service to our community!**

Please know that we will send callouts and emails for some of these announcements. Please stay tuned to local media, JNP phone messages, and JNP social media for continuous information updates

We need current contact information for all of our families. If any of your information has changed, please send the correct contact phone, email, and mailing address to Amy Arnone at aarnone@jnpsd.org or call 241-2080. She will send your information to the appropriate school staff member as this information is critical in our communication to families.

1. School district offices, schools, and departments will be closed Friday as this was a scheduled non-student day on the school calendar. I know several staff will continue to work on Friday and the weekend in order to provide services to our families. JNPSD will provide double meals for the bus routes Thursday to cover Thursday and Friday. Bus delivery routes will not run on Friday. Meal delivery routes will be modified on a revised schedule next week. More information coming soon.

Our child nutrition and transportation department staff members have done an OUTSTANDING job during this crisis. We have several dedicated staff members showing up to work on behalf of JNPSD in service to this community. **We owe all of them much gratitude for their service!**

2. JNPSD has established an AMI hotline specific to Jacksonville North Pulaski. The information is attached to this update. The hotline will have a phone number and email address, and our curriculum specialists will field questions from the parents and scholars during the operating hours posted. Messages sent outside of the operating hours will be returned the next day.

3. The April school board meeting will occur on April 20 at 6 pm through a digital meeting format. Information will be shared soon on public and media access to the board meeting.

We thank you for your continued support, understanding, and patience. As new information becomes available, it will be shared with you.

Respectfully,

Bryan Duffie, Ed.D.
Superintendent
