Attention: Parents/Guardians

As per the NM Department of Health rules and regulations, the regional Health office is unable to provide standing orders for stock over the counter medication throughout NM schools. Therefore, any over the counter medication is to be provided by the parent or legal guardian and be accompanied by a written student specific medical authorization/order signed by the parent/legal guardian and provider if needed. Parents can bring in any over the counter medication in the original unopened bottle to the nurse's office where it will be stored and available for your child to take when needed. No medication should be carried on a student without consent through the nurse's office.

It is encouraged for parents/guardians to fill out the nurse's office paperwork in order to provide the best quality of care to your child in the event that first aid may be needed at school or during school sponsored field trips/activities. It has been brought to my attention that many parents/guardians have not filled out the paperwork for the nurse's office, which has your contact information to where we can reach you in case of an emergency and also there are consent forms needed to be signed in order to provide services to your child whether major or minor. Some of the services provided are: accessing an injury and providing treatment, vision/hearing screening, health counseling/education, and any emergent care. Without this consent, he/she cannot be seen by school nurse or nurse assistant.

If you have any questions or concerns, please contact me at 575-387-3112 or 575-387-3113.

Thank you,

Shantel Garcia, RN
