It is the policy of the Board of Education to provide a free and appropriate public education to each disabled pupil within its jurisdiction, regardless of the nature or severity of the disability.

It is the intent of the district to ensure that pupils who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Pupils may be handicapped under this policy even though they do not require services pursuant to the Individuals with Disabilities Education Act (IDEA).

Due process rights of disabled pupils and their parents under Section 504 will be enforced.

The Director of Special Services/Special Education is the coordinator of Section 504 activities.
