First Aid**

In cases of sudden illness or injury to a student or staff member, first aid will be given by school staff. Further medical attention for a student is the responsibility of the student's parent(s) or of someone the parent(s) designate in the case of an emergency.

Each principal is charged with providing for the immediate care of ill or injured persons within his/her area of responsibility.

Staff members shall report self-administered first-aid treatment to an immediate supervisor.

In each district facility, procedures for handling health emergencies will be established and made known to staff. Each district facility and district vehicles will be equipped with appropriate first-aid supplies and equipment. All employees are expected to know where first-aid supplies and equipment are kept in their work areas.

In compliance with Oregon Administrative Rules, each school shall have, at a minimum, at least one staff member with a current first-aid card for every 60 students enrolled or an emergency response team per building. Such team shall consist of no less than six persons who hold current first-aid/CPR cards and who are trained annually in the district and building emergency plans. Designated employees in each building shall hold current first-aid cards. Names of the designated employees will be posted.
