### ALL PERSONNEL CONCEPTS AND ROLES

**BP 4000 (a)**

Note: A.S.14.08.101 authorizes regional school boards to appoint, compensate and otherwise control school employees in accordance with the provisions of Title 14 and exempts these employees from A.S. 39.25 (State Personnel Act). 14.08.111 requires regional school boards to employ a chief school administrator, approve the employment of other personnel and establish salaries. Pursuant to 14.14.060 and 14.14.065 borough and city school boards appoint, compensate and otherwise control school employees in accordance with Title 14 and subject to state laws relating to teacher salaries, tenure, financial support, supervision by the Department of Education and other general school laws.

The Iditarod School Board wishes to establish conditions that will attract and hold qualified personnel who will devote themselves to the education and welfare of the students of the district. The Iditarod School Board desires that teachers pursue excellence within their profession and may provide incentives to teachers of demonstrated ability and expertise which will encourage them to stay in the public school system.

Note: A.S. 23.40.250 defines the terms and conditions of employment which are subject to collective bargaining as: "hours of employment, compensation and fringe benefits, and the employer's personnel policies affecting the working conditions of the employees; but does not mean the general policies describing the function and purposes of a public employer." Districts should consult legal counsel regarding the scope of negotiations and the district's duty, if any, to bargain.

The Iditarod School Board believes that its personnel policies must be developed in cooperation with staff in an atmosphere of mutual faith and good will. District policies and regulations shall apply only to the extent that they do not conflict with any collective bargaining agreement in effect between the district and its employees.

The Iditarod School Board affirms its intention to have district policies, regulations and procedures conform to the requirements of state and federal laws and regulations.

### ALL PERSONNEL DRUG AND ALCOHOL-FREE WORKPLACE

**BP 4020 (a)**

Note: The Drug-Free Workplace Act of 1988 requires districts to adopt policy maintaining drug-free workplaces as specified by law and to notify their employees of such policy. The following sample policy complies with the Drug-Free Workplace Act, Drug-Free Schools and Communities Act and the Omnibus Transportation Employee Testing Act of 1991. The Drug-Free Schools and Communities Act includes alcohol in addition to "controlled substances," and applies to districts that receive federal funds either directly or indirectly.

The Iditarod School Board believes that the maintenance of drug-free and alcohol-free workplaces is essential to school and district operations. No employee shall unlawfully manufacture, distribute, dispense, possess, use or be under the influence of any alcoholic beverage, drug or controlled substance before, during or after school hours at school or in any other district workplace or at any district-sponsored activity.

The Superintendent or designee shall:

1. Publish and give to each employee a notification of the Iditarod School Board's policy mandating a drug-free and alcohol-free workplace. The notification shall specify the actions that will be taken against employees who violate these prohibitions. It also shall state that as a condition of employment, the employee will abide by the terms of this policy and notify the employer of any criminal drug or alcohol conviction for a violation occurring in the workplace. Such notice by the employee must be made within five (5) days from the date of the conviction.
  - a. For the purpose of this policy, "conviction" shall mean a finding of guilt by any judicial body charged to determine violations of federal or state criminal drug or alcohol laws, whether such finding is made following a trial or by entry of a plea of guilty or nolo contendere.
2. Establish a drug and alcohol awareness program to inform employees about:
  - a. The dangers of drug and alcohol abuse in the workplace.
  - b. The district policy of maintaining drug-free and alcohol-free workplaces.
  - c. Any available drug and alcohol counseling, rehabilitation, and employee assistance programs known to the district.
  - d. The penalties that may be imposed on employees for drug and alcohol abuse violations.

#### NOTICE TO EMPLOYEES

Note: Although the passage AS 17.38 authorizes the use of marijuana under certain conditions, it explicitly recognizes the authority of employers to prohibit the use, consumption, possession, transfer, display, transportation, sale, or growing of marijuana in the workplace. Additionally, AS 17.38 does not prevent employers from establishing policies that restrict the use of marijuana by employees. AS 17.38.120(a). Further, as a recipient of federal funds, the district is obligated to maintain a drug-free workplace consistent with federal law, which prohibits the manufacture, sale, distribution, or possession of marijuana. For purposes of the district's policy and legal obligation, marijuana is prohibited.

YOU ARE HEREBY NOTIFIED that it is a violation of Iditarod School Board policy for any employee at a school district workplace to unlawfully manufacture, distribute, dispense, possess, use or be under the influence of any alcoholic beverage, marijuana drug or controlled substance as defined in the Controlled Substances Act and Code of Federal Regulations.

"School district workplace" is defined as any place where school district work is performed, including a school building or other school premises; any school-owned or school-approved vehicle used to transport students or employees to and from school or school activities; any off-school sites when accommodating a school-sponsored or school-approved activity or function, such as a field trip or athletic event, where students are under district jurisdiction; or during any period of time when an employee is supervising students on behalf of the district or otherwise engaged in district business.

As a condition of your continued employment with the district, you will comply with the district's policy on Drug and Alcohol-Free Workplace and will, any time you are convicted of any criminal drug or alcohol statute violation occurring in the workplace, notify your supervisor of this conviction no later than five days after such conviction.

Note: Upon notification of a violation, the district must either (1) take appropriate personnel action against the employee, "up to and including termination," or (2) require the employee to satisfactorily participate in an abuse assistance or rehabilitation program.

Note: The names, addresses and telephone numbers of drug and alcohol counseling and rehabilitation programs and/or employee assistance programs available locally to employees may be included in this notice or provided to employees in a separate statement. In addition, information about the dangers of drug and alcohol abuse may be included in this notice or the district may distribute materials obtained from state, local or national anti-abuse organizations to its employees.

### **ALL PERSONNEL**

### **DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS**

**BP 4021 (a)**

#### **Purpose**

Note: All persons subject to commercial driver's license requirements must be tested for alcohol, marijuana, cocaine, amphetamines, opiates (including heroin) and phencyclidine (PCP). In AS 14.09.025, the Alaska Legislature enacted its own statutory requirement for testing bus drivers, which is in effect for all Alaska districts that employ bus drivers. This area, especially post-employment testing of drivers, involves constitutional issues. School districts should refer to legal counsel in designing and implementing drug testing procedures. Although the passage AS 17.38 authorizes the use of marijuana under certain conditions, it explicitly recognizes the authority of employers to prohibit the use, consumption, possession, transfer, display, transportation, sale, or growing of marijuana in the workplace. AS 17.38 also does not prevent employers from establishing policies that restrict the use of marijuana by employees. AS 17.38.120(a). In addition, as a recipient of federal funds, the district is obligated to maintain a drug-free workplace consistent with federal law, which prohibits the manufacture, sale, distribution, possession and sale of marijuana. For purposes of the district's policy and legal obligation, marijuana is prohibited.

The Superintendent or designee shall establish and implement a drug and alcohol testing program for all bus drivers employed by the school district, in accordance with state and federal law. The purpose of the testing program shall be to help prevent accidents and injuries resulting from the misuse of drugs and alcohol by bus drivers. This program shall test drivers for the improper use of drugs and alcohol, and shall include random testing. Improper use of drugs and alcohol consists of use that constitutes a criminal offense, or otherwise violates the regulations of the Department of Education and Early Development.

#### **Prohibited conduct**

No personnel employed by the school district as drivers of motorized vehicles used to transport students shall report for duty requiring the performance of safety-sensitive functions, or remain on duty, when the driver uses any controlled substance or has a prohibited concentration of alcohol in the driver's system. The only exception is when a driver has used a controlled substance pursuant to the instructions of a qualified physician who has advised the driver in writing that the substance does not adversely affect the driver's ability to safely operate a motorized vehicle for the transportation of students. Drivers shall provide a copy of the physician's written advice to the driver's supervisor prior to operating any motor vehicle for the school district.

#### **Required Testing**

Drivers shall be subject to pre-employment/pre-duty, reasonable suspicion, random, post-accident, returning to duty and follow-up alcohol and drug testing. Random alcohol testing shall be limited to the time period surrounding the performance of safety-related functions, which include just before or just after the employee performs the safety-related function for the district. Controlled substance testing may be performed at any time the driver is at work. An employee subject to this testing may not refuse to take a test when required.

## **Personnel**

### **ALL PERSONNEL DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (continued)**

**BP 4021 (b)**

Note: Under 49 CFR Part 40, the Department of Transportation has made specimen validity testing (SVT) mandatory within the regulated transportation industries. Making SVT mandatory has become necessary because of the increase in products designed to adulterate specimens, which has made tampering with specimens more prevalent.

#### **Consequences for failing or refusing to take a required test**

A refusal to take a required test shall be considered in violation of the employee's contractual obligations to the district, and may constitute grounds for the employee's termination from employment with the district. If testing confirms prohibited alcohol concentration levels or the unauthorized presence of a controlled substance, the employee shall be removed immediately from safety-related functions in accordance with law. The district may reassign the employee to non-safety-related functions until such time as the driver complies with the requirements for returning to duty.

The Iditarod School Board retains the authority, consistent with state and federal law, to discipline or discharge any driver who is alcohol or chemically dependent and whose current use of alcohol or drugs impairs the employee's job qualifications or performance. Before a drive may be reinstated, if at all, the driver shall undergo an evaluation by a substance abuse professional, comply with any required rehabilitation and undergo a return-to-duty test with verified results.

Except as required by law or collective bargaining agreement, the district is not required to provide rehabilitation, pay for substance abuse treatment or to reinstate a driver who has failed a required drug or alcohol test. All employment decisions involving reassignment, reinstatement, termination or dismissal from employment shall be made in accordance with applicable district policies and procedures.

#### **Records**

The district shall keep and maintain testing records, and shall maintain the confidentiality of those records, in accordance with law. Testing records, and any information about false positive test results, shall not be released without the written consent of the employee. The district shall not retain records of false positive test results in the employee's employment records.

#### **Training**

The district shall take steps to ensure that supervisors receive appropriate training to administer the district's drug and alcohol testing program, and that employees receive the notifications required by law.

### **ALL PERSONNEL DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS**

**AR 4021 (a)**

School bus drivers employed by the district are subject to drug and alcohol testing pursuant to a program that complies with state and federal law. These district regulations reflect several requirements of the federal drug testing regulations, but are not intended to modify or limit the procedures for drug and alcohol testing specifically addressed in state or federal law. District personnel will adhere to the detailed provisions of these laws in administering the district's testing program.

#### **Definitions**

For purposes of these regulations, the term "tests" includes both drug and alcohol tests, unless specifically stated otherwise, in context.

The terms "drugs" and "controlled substances" have the same meaning and are interchangeable in these regulations.

"Safety-sensitive functions" include all on-duty functions performed from the time a driver begins work or is required to be ready to work until the driver is relieved from work and all responsibility for performing work as a driver. These functions include by way of example, driving, waiting to be dispatched, inspecting and servicing equipment, supervising, performing or assisting in loading and unloading, repairing or obtaining and waiting for help with a disabled vehicle, performing driver requirements related to accidents, and performing any other work for the district.

#### **Prohibited conduct**

Drivers shall be prohibited from any drug or alcohol use that could affect performance on the job, including use during the four hours before driving, during any period of time the employee is driving, and during the eight hours following an accident, should one occur.

<p>Note: Pursuant to 49 CFR 382.213, the school district may require a driver to inform the district when using a controlled substance prescribed by a physician who had advised that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle.</p>
--

Any driver required to use a controlled substance during any of these periods shall obtain in advance a written statement from a qualified physician instructing the employee to use the controlled substance and advising the employee that the substance does not adversely affect the employee's ability to safely operate a school bus or other motor vehicle. It is the employee's responsibility to submit this document to the employee's supervisor prior to using the controlled substance during any of the prohibited periods described above, and to use the substance in accordance with the physician's instructions.

### **ALL PERSONNEL DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (continued)**

**AR 4021 (b)**

#### **REQUIRED TESTING**

##### **Pre-employment tests**

Drug and alcohol tests will be required of an applicant for a position as a bus driver only after the individual has been offered the position. Pre-employment tests shall be conducted before the first time a driver performs any safety-sensitive function for the district. Employment with the district is conditional upon the applicant successfully passing these tests.

Unless otherwise prohibited by law, exceptions may be made for drivers who have had the alcohol test required by law within the previous six months and participated in the drug testing program required by law within the previous 30 days, provided that the district has been able to make all verifications required by law.

##### **Post-accident tests**

Before any employee may operate a school bus, the district will provide the employee with information concerning post-accident testing procedures. Alcohol and drug tests will be conducted as soon after an accident as is practicable on any driver who:

1. was performing a safety-sensitive function with respect to the vehicle and the accident involved serious injury or the loss of human life.
2. received a citation under any state or local law for a moving traffic violation arising out of the accident.

Drivers shall make themselves readily available for drug and alcohol testing after an accident, absent the need for immediate medical attention. No driver involved in any accident, whether or not there was serious injury or death, may use alcohol or a controlled substance for eight hours after the accident, or until the employee has undergone a drug and alcohol test, whichever is first.

If an alcohol test is not administered within two hours after the accident, or a drug test is not administered within 32 hours after the accident, the district will prepare and maintain records explaining why the test was delayed or not conducted.

## **Personnel**

### **ALL PERSONNEL DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (continued)**

**AR 4021 (c)**

#### **Reasonable suspicion tests**

Note: Pursuant to 49 CFR 382.603, persons designated to determine whether reasonable suspicion exists must receive at least 60 minutes of training that covers the physical, behavioral, speech and performance indicators of alcohol misuse and an additional 60 minutes of training that covers these indicators of controlled substance use.

Whenever a supervisor or district official has a reasonable suspicion that a bus driver has violated the district's prohibitions against the improper use of alcohol or drugs, the district may conduct a test of that driver. This reasonable suspicion must be based on specific, contemporaneous, articulated observations concerning the driver's appearance, behavior, speech or body odors. These observations also may include indications of chronic use or the withdrawal effects of controlled substances.

Alcohol tests will be authorized for reasonable suspicion only if the required observations are made during, just before, or just after, the period of the work day when the driver must comply with these prohibitions. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the district will prepare and maintain a record explaining why a test was not conducted within that time. Attempts to conduct an alcohol test will terminate after eight hours.

A supervisor or district official who makes a finding of reasonable suspicion also must make a written record of the observations made that lead to a reasonable suspicion. This written record must be made within 24 hours of the time the test is given, or before the test results are released, whichever is first. The individual making the reasonable suspicion shall not be the individual conducting the test, unless other persons qualified to administer the test are not reasonably available and there is danger that a proper test will not be conducted.

#### **Random tests**

Note: The random tests described below must be conducted throughout the calendar year, not just at one time. Further, they should not be conducted at the same time each calendar year, and employees should be tested the same day as the tests are announced. The Omnibus Transportation Employee Testing Act of 1991 regulations were revised in 2001 to reduce from 25% to 10% the minimum percentage of employees required to be randomly tested for alcohol.

## **Personnel**

### **ALL PERSONNEL DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (continued)**

**AR 4021 (d)**

Drug and Alcohol tests of bus drivers shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol or drugs shall be conducted just before, during or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal 10% of the average number of driver positions. The number of random drug tests annually must equal 50% of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

#### **Return to duty tests**

Prior to being permitted to return to performing safety-sensitive functions for the school district, a driver shall be administered a drug or alcohol test, as appropriate. Employees whose conduct involved misuse of drugs or alcohol may not return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result or the return-to-duty alcohol test produces a verified result that meets federal and district standards.

Note: Pursuant to 49 CFR 382.605, an employee whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the employee undergoes a return-to-duty alcohol test with an alcohol concentration of less than 0.02. However, more restrictive statutory and regulatory provisions also may apply in addition to the DOT regulations. Under the Drug-Free Workplace Act, for example, a school district employee cannot be under the influence of alcohol on school grounds.

Note: Pursuant to 49 CFR 40.67(b), direct observation of follow-up and return-to-duty drug tests are now mandatory rather than discretionary to minimize cheating in drug tests. However, where additional testing methodologies are approved by DHHS and adopted by DOT, DOT intends to make these methods available as an alternative to direct observation urine testing.

#### **Follow-up tests**

A driver who violates the district's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as requiring assistance in resolving a drug or alcohol problem will be subject to unannounced follow-up testing as directed by the professional, in accordance with law. Follow-up alcohol testing will be conducted just before, during or just after the time when the driver is performing safety sensitive functions.

Note: Pursuant to 49 CFR 40.67(b), direct observation of follow-up and return-to-duty drug tests are now mandatory rather than discretionary to minimize cheating in drug tests. However, where additional testing methodologies are approved by DHHS and adopted by DOT, DOT intends to make these methods available as an alternative to direct observation urine testing.

#### **Enforcement**

Note: 49 CFR Section 382 provides that a driver who is tested and found to have an alcohol concentration of 0.02 or greater, but less than 0.04, may not perform or continue to perform safety-sensitive functions including driving a commercial motor vehicle until the start of the driver's next regularly scheduled duty period, but not less than 24 hours after the test was administered. Under 49 CFR 382, this is the only action the employer can take based solely on an alcohol concentration of 0.02 or greater, but not less than 0.04. However, pursuant to 49 CFR Section 382.505, this does not prohibit an employer with authority independent of Part 382 from taking any action otherwise consistent with law.

Any driver who refuses to submit to a post-accident, random, reasonable suspicion or follow-up test shall not perform or continue to perform safety-sensitive functions.

Drivers who test positive for alcohol or drugs in violation of this policy or law shall be subject to disciplinary action up to, and including, dismissal.

#### **Records**

Employee drug and alcohol test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to the employee's use of drugs or alcohol, including any records pertaining to the employee's drug or alcohol tests.

Records shall be made available to a subsequent employer or other identified persons only as permitted by law and expressly requested, in writing, by the driver.

Note: Where state law requires, employers and third party administrators may disclose drug and alcohol violations of employees holding commercial drivers licenses (CDL) to state CDL authorities. Such disclosure is not permitted in Alaska. Under Alaska Statute 23.10.660, drug testing results may not be disclosed except 1) to the tested employee, 2) individuals designated by an employer to evaluate test results or hear the explanation of the employee, or 3) as ordered by court or governmental agency.

#### **Notifications**

Note: Pursuant to 49 CFR 382.601, the school district must provide the following information to all drivers. Materials supplied to drivers may also include information about other policies and disciplinary consequences based on the district's authority under state and other law, and described as such. The school district must ensure that each driver signs a statement certifying that the employee has received a copy of these materials.

10. the consequences for drivers found to have an alcohol concentration of 0.02 or greater but less than 0.04; and
11. information concerning the effect of drugs and alcohol on an individual's health, work and personal life; sign and symptoms of a drug or alcohol problem (the driver's or a coworker's), and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to an employee assistance program or referral to management.

If the school district establishes a testing program before the compliance date required by federal regulations, the following paragraph should be deleted until after the compliance date.

Before any employee operates a commercial motor vehicle for the school district, the district shall provide the employee with post-accident procedures that will make it possible for the employee to comply with post-accident testing requirements.

Prior to performing drug and alcohol tests, the district shall inform drivers that the tests are given pursuant to the Code of Federal Regulation, Title 49, Part 382. This notice shall be provided only after the compliance date specified in law.

### NONDISCRIMINATION IN EMPLOYMENT

BP 4030 (a)

Note: Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA), which became effective November 21, 2009, protects applicants and employees from employment discrimination based on genetic information employers are prohibited from discriminating in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. GINA also restricts employers' acquisition of genetic information and strictly limits disclosure of genetic information. Genetic information includes information about genetic tests of applicants, employees, or their family members; the manifestation of diseases or disorders in family members (family medical history); and requests for or receipt of genetic services by applicants, employees, or their family members.

The district and its employees shall not unlawfully discriminate against or harass employees or job applicants on the basis of sex, race, color, religion, national origin, ancestry, age, marital status, changes in marital status, pregnancy, parenthood, physical or mental disability, Vietnam era veteran status, genetic information, or good faith reporting to the board on a matter of public concern.

*(cf. 4119.11 - Sexual Harassment)*

*(cf. 4161.4 - Family and Medical Leave)*

Note: The Americans with Disabilities Act sets forth an employers' duty to reasonably accommodate persons with disabilities.

Equal opportunity shall be provided to all employees and applicants in every aspect of personnel policy and practice. The district shall not discriminate against persons with physical or mental disabilities who, with or without reasonable accommodation, can perform the essential functions of the job in question.

*(cf. 0411 - Service Animals)*

*(cf. 4119.41 - Employees with Infectious Disease)*

Note: Federal Regulations (45 CFR, Section 86.9) require federal aid recipients to take "continuing steps" to notify applicants for employment that, in compliance with Title IX, they do not discriminate on the basis of sex. Districts employing 15 or more persons also must give "continuing" notification about nondiscrimination on the basis of handicap. (Vocational Rehabilitation Act of 1973)

The Superintendent or designee shall publicize this policy annually throughout the district and the community.

#### **EMPLOYEE NOTICE PROTECTION FOR WHISTLEBLOWERS**

Note: Under AS 39.90.110 an employer shall post notices to inform employees of their protections and obligations. AS 39.90.130 provides that an assembly/city council may be exempt from the Alaska Whistleblower Statutes if ordinances are adopted providing substantially similar protection to employees.

Any employee of the school district may in good faith report to a public official or a public body or testify before a public body about a matter of public concern.

A matter of public concern means a violation of federal, state, or local law (including Iditarod School Board policy), a danger to public health or safety, gross mismanagement (including a substantial waste of funds or clear abuse of authority) or matter under investigation by the municipal ombudsman.

A report may not disclose any information which is legally required to be kept confidential.

An employee initiating a report must first submit the report to the employee's immediate supervisor unless the employee reasonably believes: it would be futile to report to the supervisor, an emergency exists, or that reprisals or discrimination would result.

Employee protections and obligations regarding reports on matters of public concern are fully stated in Alaska Statute 39.90.100-150.

### HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA PRIVACY POLICY)

BP 4040 (a)

Note: The following policy is provided for those school districts who are a “covered entity” under the Health Insurance Portability and Accountability Act (“HIPAA”). You are advised to consult legal counsel to determine if you are a covered entity for HIPAA purposes. The privacy and notice requirements under HIPAA are extensive and include privacy procedures, notification of privacy rights, employee training, designation of individuals responsible for ensuring HIPAA compliance, and physically securing identifiable health information. A brief explanation is provided below identifying which entities are “covered” under HIPAA. This discussion is not complete and should not be solely relied upon to determine whether your district is a covered entity.

For the purposes of student records, schools receiving federal education funding must comply with the Family Educational Rights and Privacy Act (“FERPA”). Student records policies and procedures complying with FERPA are found at BP/AR 5125. Under FERPA, educational records include student health records and special education records. HIPAA is not applicable to student education records. HIPAA, however, may apply to your staff members’ health records although general employment records are excluded from HIPAA as well. Even for staff records, though, you need not comply with HIPAA regulations unless your district is otherwise a “covered entity.” A district can be a covered entity as a “health care provider” only if it handles health billing and related transactions electronically. It can also be a covered entity in certain circumstances if it operates a “health plan” for its employees.

The following policy declares your district a “hybrid entity.” The “hybrid entity” standards under HIPAA recognize that many entities have different purposes and functions. Under HIPAA, where any individual component of an entity is either a “health plan” or “health care provider,” the entire operation will be deemed covered by HIPAA unless the entity both designates and documents itself as a hybrid entity. 45 C.F.R. §164.405.

### HIPAA Coverage

The district has determined that certain functions of the district are covered functions, making the district a covered entity under HIPAA. The district is covered in one way. The district is a “health care provider” as defined by HIPAA. The district declares itself to be a “hybrid entity,” which means that only the covered functions of the district’s operations (i.e., group health plan) are subject to HIPAA.

### Implementation Procedures For Health Plan Records

In order to comply with HIPAA’s privacy standards, the District has taken the following steps:

1. Contact Person. The district has designated the Business Manager as the contact person responsible for receiving complaints about HIPAA compliance and providing additional information about the district’s HIPAA practices and procedures.

### HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA PRIVACY POLICY) (continued)

BP 4040 (b)

2. Privacy Officer. The district has designated the Business Manager as the Privacy Officer for HIPAA purposes. The Privacy Officer is responsible for developing and implementing privacy policies and procedures for the district, training district staff, and monitoring compliance. The Privacy Officer shall also be responsible for receiving complaints about HIPAA violations and for providing information about matters covered by privacy notices.
3. Security of PHI Records. District officials must ensure that health plan records containing individually identifiable personal health information (PHI) are secure so that these records are readily available only to the minimum number of individuals who need them to carry out Treatment, Payment or health care Operations (TPO). The Privacy Officer shall develop reasonable administrative, technical and physical safeguards to protect the privacy of PHI. The Superintendent or designee should review these practices on a periodic basis.
4. Authorization of Disclosure of PHI. HIPAA does not require participant authorization for health plan officials to use or disclose PHI for purposes of treatment, payment or health care operations. With some exceptions, disclosure of PHI by health plan officials (except for purposes of treatment, payment or health care operations) requires written authorization signed by the individual in question. The Privacy Officer shall determine activities and transactions that require an authorization and will develop an authorization form that complies with the HIPAA Privacy Rule.
5. Notice of Privacy Practices. District officials will provide a notice to health plan participants about their privacy rights and how their PHI will be used. Such information is known as a Notice of Privacy Practices. The notice must not only be provided by the date of disclosure, except in an emergency, but the district must make a good faith attempt to obtain the individual's acknowledgment of receipt of such notice.
6. Business Associates. A "business associate" is an outside business that provides various administrative services or assists with the district's health plan. The district shall identify its business associates and shall enter into a written contract to safeguard PHI before the district can share PHI with the Business Associate. The deadline for having agreements in place is April 14, 2004.
7. Training. The district shall train those district employees who work in areas covered by the HIPAA Privacy Rule and who have access to PHI to follow the appropriate procedures to ensure PHI is not disclosed except as allowed by law.

### **ALL PERSONNEL**

### **HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA PRIVACY POLICY) (continued) BP 4040 (c)**

8. Complaints. There shall be a complaint procedure in place whereby written complaints related to PHI and HIPAA standards may be lodged. Any complainant is entitled to a hearing before the privacy officer, who has 10 school days to rule on such complaint. If the complainant is not satisfied with the disposition of the complaint, he/she may appeal to the Superintendent or designee, who shall review the matter and make a final decision within 15 school days of receiving written notice of the appeal. The district shall not intimidate, threaten, coerce, discriminate against, or take any other retaliatory action against any individual exercising his or her HIPAA rights.

## **Student Records**

The HIPAA Privacy Rules expressly exempt from coverage student records covered by the federal law known as the Family Educational Rights and Privacy Act (FERPA). Such records are not governed by HIPAA even if they contain individually identifiable health information.

## **Employee Records**

The HIPAA Privacy Rule does not govern a school district's obligations as an "employer" to maintain, use or disclose medical records of its "employees." Those obligations flow from the Americans with Disabilities Act and should be dealt with in accordance with those laws. Similarly, the HIPAA Privacy Rule prohibits the district from using PHI created or received by the group health plan for employment-related functions.

### CERTIFICATED PERSONNEL RECRUITMENT AND SELECTION

BP 4111 (a)

Note: For districts receiving Title I funds, Section 1119 of the No Child Left Behind Act of 2001 requires that all teachers hired on or after the first day of the 2002-03 school year to teach in a program supported by Title I funds must be “highly qualified.” The law also requires that all teachers teaching core academic subjects within the state must be “highly qualified” by the end of the 2005-06 school year. “Core academic subjects” are defined as including English, reading or language arts, mathematics, science (biology, chemistry, earth science, physical science, physics), foreign languages, civics and government, economics, music, theater, art, social studies, history and geography. Each district receiving Title I funds is required to develop a plan to ensure that all of its teachers are highly qualified by June 30, 2006. Section 1119 further authorized any district receiving Title I funds to utilize 5-10 percent of Title I funds for fiscal years 2002 and 2003, and at least 5 percent of each subsequent year, for professional development activities to ensure teachers become highly qualified by 2005-06.

Note: In 2004, the Alaska Department of Education and Early Development and Early Development defined “highly qualified” to mean that the teacher must have at least a bachelor’s degree, full state certification, and have demonstrated subject matter competency in each of the core academic subjects taught by the teacher. Teachers holding Initial, Professional, or Master Certificates hold full state certification. State regulations further explain that subject matter competency may be demonstrated through successful completion of a Praxis II test; holding a major, major equivalent (30 semester hours), an advanced degree or advanced certification in the content area; or building a HOUSSE.

The district shall employ the most highly qualified person available for each open position. The Superintendent or designee shall develop recruitment and selection procedures to ensure that every effort is made to find and hire fully qualified teachers for all classrooms, which include:

1. Assessment of the district's needs to determine those areas where specific skills, knowledge and abilities are lacking.
2. Development of job descriptions which accurately portray the position, including requirements that a teacher be highly qualified in accordance with federal and state law.
3. Dissemination of vacancy announcements to ensure a wide range of candidates, when necessary.
4. Screening procedures which will identify the best possible candidates for interviews.
5. Interview procedures which will determine the best qualified candidate for recommendation to the Iditarod School Board.

## Personnel

### **CERTIFICATED PERSONNEL RECRUITMENT AND SELECTION (continued)**

**BP 4111 (b)**

Staff members involved in the selection process shall recommend only those candidates who meet all qualifications established by law and the Iditarod School Board for a particular position. Nominations for employment shall be based upon appropriate screening devices, interviews, observations, recommendations from previous employers and any requirements of applicable collective bargaining agreements.

Note: Teachers in rural schools who are already highly qualified in one of the core academic subjects they teach have until March 15, 2007 to become highly qualified in all academic subjects they teach. Teachers hired in rural schools for the 2004-2005 school year have until June 30, 2007, to meet the highly qualified requirements if they are already highly qualified in a core academic area.

All teachers hired on or after the first school day of the 2002-2003 school year and working in a program supported with Title I funds shall be highly qualified as defined by the No Child Left Behind Act, as well as state law. All teachers teaching in core academic subjects must be highly qualified by June 30, 2006, unless further time is permitted by law.

Note: The Alaska Professional Teaching Practices Commission recommends that districts develop a policy regarding the procedures to be followed when desiring to hire an educator currently under contract with another school district. The following policy language is based on procedures developed by the Fairbanks North Star Borough School District.

Before considering the hire of a certificated staff member who is currently under contract in another district, the Superintendent or designee will require the certificated staff to provide written documentation that he/she:

has made an effort to secure a release from the employing district thirty calendar days prior to the employing district's first contract day or as secured a written release from the employing district.

Note: A subject-matter expert teacher, holding a limited certificate issued by the Department, may be employed to teach subjects in which the person has satisfied the education or experience requirements set out in state statute AS 14.20.020. Before a school district determines whether to hire a person as a subject-matter expert teacher, the school district must administer a competency examination. Additionally, once a subject-matter expert teacher is hired, the district must provide a mentor who is an experienced teacher for the subject-matter expert teacher for at least the first year of the subject-matter expert teacher's employment in the school district. A person employed as a subject-matter expert teacher under this section is considered a certificated employee for purposes of the teachers' retirement system. Finally, employment as a subject-matter expert teacher counts as employment for purposes of acquiring tenure; however, a person holding a subject-matter expert limited teacher certificate is not entitled to tenure until the person receives a teacher certificate under AS 14.20.020.

Affirmative Action plans should be developed with advice from legal counsel. Unless the district has specific evidence of past discrimination by the district which the program can be tailored to remedy, the district should base its program on an appropriate statistical analysis of the qualified people currently available in the relevant recruiting area for each job group. An affirmative action program should be remedial, fair to minority and nonminority group members, and also temporary.

The Superintendent or designee shall determine whether the following groups are underrepresented within the district work force based on the relevant job market: men, women, whites, blacks, Hispanics, Asians, American Indians or other minorities. Where underrepresentation exists, the affirmative action program shall specify remedial action to be taken, including hiring goals and timetables.

The Superintendent or designee shall maintain an affirmative action program as required by law. The affirmative action program shall be temporary and shall be fashioned in response to a demonstrated need for remedial action. The Superintendent or designee shall update the affirmative action program not less than every five years. The program shall not unnecessarily hinder the employment of any group member.

Note: Employers are required to comply with the federal Immigration and Nationality Act as amended by the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. On an individual basis, an employer may hire a citizen rather than an alien, if desired, provided the two individuals are equally qualified. However, an employer may not adopt a blanket policy of always preferring a qualified citizen over a qualified alien.

The district shall hire only citizens and aliens who are lawfully authorized to work in the United States. The district will verify the identity and employment eligibility of all individuals hired to work. The district will not continue the employment of an individual upon knowledge that he or she is no longer lawfully authorized to work in the United States.

District employment practices shall not discriminate on the basis of citizenship status or national origin, nor shall they discriminate against any refugees, grantees of asylum, or persons qualified for permanent or temporary residency.

*(cf. 4111/4211 - Recruitment and Selection)*

Note: Employers may be subject to fines and/or imprisonment if they fail to request evidence of employment eligibility or if they knowingly hire or continue to employ undocumented workers. Under 2009 amendments to federal regulations, the term “knowing” includes not only actual knowledge but also knowledge which may fairly be inferred through notice of certain facts and circumstances which would lead a person, through the exercise of reasonable care, to know about a certain condition. Constructive knowledge may include, but is not limited to, situations where an employer: (i) fails to complete or improperly completes the Employment Eligibility Verification Form, 1-9; (ii) has information available to it that would indicate that the alien is not authorized to work, such as Labor Certification and/or an Application for Prospective Employer; or (iii) acts with reckless and wanton disregard for the legal consequences of permitting another individual to introduce an unauthorized alien into its work force or to act on its behalf. Knowledge that an employee is unauthorized to work may not be inferred from an employee’s foreign appearance or accent.

Note: When inspecting documents which establish employment eligibility, the employer is only required to be satisfied that the documents reasonably appear on their face to be genuine. If the School Board decides to make copies of the documents presented, we recommend that the district specify a procedure for protecting the confidentiality of the information they contain.

After examining the documents presented, the personnel officer shall copy them. Such copies shall be kept confidential and used only as needed to help justify the district's past decision to accept the documents as valid.

Note: The means selected for protecting confidentiality should be conspicuous enough to prevent mistakes.

To protect full confidentiality, the personnel officer shall seal these copies in an envelope on which the following message has been printed:

*The enclosed documents, provided only to verify work eligibility for (name of employee), were examined on (date) by (signature). This sealed envelope may be opened only by the Superintendent or designee. Refer to BP/AR 4111.2/4211.2/4311.2 for current regulations.*

(cf. 4112.6/4212.6/4312.6 - Personnel Records)

The personnel officer shall ask the employee to complete and sign INS Form I-9.

Note: Employers should help employees in completing INS form I-9 only in the case of individuals who cannot read, who cannot write, or who need the form translated. If such help is necessary, the reader, assister or translator also must sign the form and should be careful to give only procedural assistance and offer no counsel with regard to the individual's status.

Note: The I-9 form must be completed within three business days of the hire. If the term of employment is three days or less, the form must be completed before the end of the first working day. I-9 forms are not needed for persons who are independent contractors or who are employed by a contractor providing contract services.

The personnel officer shall complete and sign the I-9 form and shall assure that it is kept until a full year after the employee leaves the job.

Note: We suggest that I-9 forms be kept together in a separate file so that they may be more easily located and handled if the INS comes to check them.

Note: Pursuant to AS 14.20.130 the School Board may issue contracts after January 1 each year. 4 AAC 18.010 specifies minimum requirements for teacher and administrators contracts. Contracts must be signed by at least two School Board members and the teacher.

After January 1, the Iditarod School Board may issue teacher contracts for the following school year. Contracts shall be approved by the Iditarod School Board and signed by at least two Iditarod School Board members.

The Iditarod School Board shall give email or mail reemployment contracts to teachers who are not dismissed or given notice of nonretention or layoff in accordance with law. If an employee fails to notify the Superintendent or designee within 30 days after receipt of a contract of reemployment that he/she accepts reemployment, the Iditarod School Board shall consider the employee to have declined reemployment and shall terminate the employee's services at the expiration of the existing contract. An employee on family leave must comply with the 30-day deadline.

**BP 4112.5  
BP 4212.5  
BP 4312.5**

The Iditarod School Board desires to hire personnel whose background and behavior exemplifies a standard deemed appropriate for individuals working with children. Effort will be made to investigate the background of applicants prior to hire in the district. This investigation will include questions related to an applicant's background and criminal history.

Falsification of information during the interview or on the application shall be grounds for immediate removal from consideration for a position or dismissal from a currently held position.

The Iditarod Area School District has extended its scope of background checks to include fingerprinting of new-to-district certificated employees and other employees who have supervisory or disciplinary power over a minor.

New-to-district employees will be required to submit two sets of fingerprints on forms provided by the district along with the Alaska Department of Public Safety processing fee for district submittal to the Alaska State Troopers.

The Alaska State Troopers will be requested to provide a record of any convictions for contributing to the delinquency of a minor or certain other defined sex crimes. As part of its search of the records, the Alaska State Troopers will also submit fingerprints to the Federal Bureau of Investigation.

The release of the criminal justice information set forth above has been authorized by Alaska law (A.S. 12.62.035).

An employee's continued employment will be contingent upon the results of the fingerprint record check.

New to district employees who have submitted fingerprint cards to the Alaska Department of Education and Early Development for certificate processing, will be exempt from this requirement if the fingerprints were submitted and processed by the Alaska Department of Education and Early Development within six months of hire.

**BP 4312.6**

Personnel records shall be kept for all current employees and shall include information usually expected in good personnel administration. Records shall be kept for all former employees, including such information as shall seem appropriate to the administration.

Note: The Alaska Supreme Court has upheld a broad policy of public access to records and has ruled that employment applications of police chief and city manager may not be exempt from disclosure in view of the public's strong interest in high level public officials. It is likely therefore that Superintendent or designee applications, and possibly other employee applications, are subject to public disclosure.

*(cf. 1340 - Access to District Records)*  
*(cf. 3580 - District Records)*  
*(cf. 1312.1 - Complaints Concerning Personnel)*

Note: 4 AAC 19.040 exempts employee evaluations from public disclosure and requires districts to establish procedures as to which supervisory personnel may have access to evaluation documents. AS 14.20.149 provides that information provided to a district under the district's certificated employee evaluation system is not a public record and is not subject to public disclosure. The Alaska Supreme Court in Anchorage Daily News has held that the evaluation of head public librarian is a public document. AASB recommends public requests for evaluations of district administrators be reviewed with district legal counsel on a case-by-case basis.

All personnel files are confidential and shall be available only to the employee, persons authorized by the employee, the Superintendent or designee, and those individuals authorized by the Superintendent or designee or Iditarod School Board in accordance with administrative procedures. Iditarod School Board members may request to review an employee's file at a personnel session of the Iditarod School Board.

Employees shall be notified whenever derogatory information is to be placed in their personnel files. Employee may review and comment on the contents of this personnel file. Personnel records shall be made available for inspection by the employee at an off-duty time. Inspection shall take place in the presence of an administrator.

Note: The following policy is designed to help the district provide appropriate responses to requests for information and to protect the district from potential civil liability for defamation or other tort actions. A.S. 09.65.160 provides that an employer disclosing information about the job performance of employees/former employees to prospective employers is presumed to be acting in good faith and may not be held liable for its consequences unless the employer recklessly, knowingly, or with malicious purpose disclosed false or misleading information.

The Iditarod School Board desires to provide information about district employees to prospective employers to the extent that such information is factual and does not violate an employee's privacy rights.

The Superintendent or designee shall process all requests for references, letters of recommendation, or information about the causes or reasons for separation regarding all district employees other than the Superintendent or designee. In order to preclude situations which could bring about a conflict of interest for members of the administrative staff, an employee shall not be appointed to a position where a member of his/her immediate family maintains supervisory or evaluation responsibilities for the position. Immediate family members may be employed at the same department or work location with the approval of the Superintendent or designee.

The Iditarod School Board recognizes that factors such as remote locations and a lack of qualified job applicants may justify the employment of family members of the Superintendent or designee or Iditarod School Board.

An immediate family member of an Iditarod School Board member may be employed by the district if he/she is the most qualified applicant, has been approved by the Iditarod School Board, and such employment has received the written approval of the Commissioner of Education. ### EVALUATION/SUPERVISION

**BP 4115 (a)**

Note: AS 14.20.149 requires school districts to have a certificated employee evaluation system. The School Board is required to consider information from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators in the design and periodic review of the system. The evaluation must be based on observation of the employee in the employee's work place. In addition, the law mandates a number of requirements for the system including the establishment of district performance standards, a minimum number of evaluations each year, the preparation and implementation of a plan of improvement, and opportunity for students, parents, community members, teachers, and administrators to provide information on the performance of the person being evaluated.

Department of Education and Early Development regulations require a district's certificated employee evaluation system to evaluate a teacher or administrator's performance on applicable professional content standards as exemplary, proficient, basic, or unsatisfactory. In addition, overall performance must be evaluated with these same four ratings. No later than the 2015-16 school year, a teacher or administrator's performance evaluation for student learning data standards shall include an evaluation of actual student learning data. The Educator Evaluation regulations are found at 4 AAC 09.010-19.099.

The Iditarod School Board believes that evaluations can provide important information relevant to employment decisions, can help staff improve their professional skills, can improve the effectiveness of instruction, and raise student achievement levels. In accordance with the district's certificated employee evaluation system, the Superintendent or designee shall evaluate certificated personnel annually, including teachers, administrators, and special service providers. The evaluation system shall evaluate whether the certificated employee is exemplary, proficient, basic, or unsatisfactory on applicable content standards and in overall performance. The district's certificated employee evaluation system will incorporate those procedures and mandates required by law.

The district shall provide annual in-service training to all certificated employees subject to the evaluation system. The training will assure inter-rater reliability and address the evaluation procedures, the standards used by the district in evaluating performance, and other information that may be helpful to a thorough understanding of the evaluation system.

A certificated employee has a right to timely comment on the evaluation and may not be retaliated against for doing so.

The certificated employee evaluation system will be periodically reviewed. The district will consider input from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators. The district will make a copy of the evaluation instrument available to the public, including posting on the district's website. The posting will explain how the district has considered the input of these groups in the design of the evaluation system.

### CERTIFICATED PERSONNEL NONTENURED/TENURED STATUS

BP 4116 (a)

The Iditarod School Board recognizes that new teachers need training, assistance and evaluations designed to increase their competency as teachers and to ensure that the best qualified staff is retained by the district.

*(cf. 4115 - Evaluation)*

*(cf. 4117.4 - Dismissal)*

*(cf. 4117.6 - Nonretention)*

*(cf. 4131 - Staff Development)*

Note: In Fairbanks North Star Borough Sch. Dist. v. NEA-Alaska (1991) the Supreme Court held that counting a combination of sequential fractions of years to obtain two full years of service, as provided in 4 AAC 18.900 (b) (2), conflicts with the "full" year requirement of AS 14.20.150. Therefore 4 AAC 18.900 (b) (2) is invalid as currently written. A teacher who teaches part time less than an entire school year cannot count that portion or fraction of a year toward tenure. In contrast, this situation must be distinguished with a teacher teaching "part time" during the entire school year. A teacher teaching the entire year, but on a part time basis, is allowed to count that year toward tenure. See State v. Redman. The following policy is drafted in light of these two cases interpreting the requirements of the tenure statute.

Note: The following language governing acquisition of tenure applies to all regularly certificated teachers hired or rehired by the district on or after August 16, 1996. Teachers teaching under a preliminary, revocable, or subject matter expert limited certificate do acquire service years for purposes of determining tenure. However, tenure may not be granted to these individuals until a regular certificate has been issued. AS 14.20.015 – 14.20.022. Retired teachers hired under AS 14.20.135 due to teacher shortages are not eligible to acquire, maintain, or reacquire tenure.

A nontenured teacher who has been employed by the district continuously for three consecutive school years and who is offered a contract for the next succeeding school year shall achieve tenure in the district at the beginning of the fourth year, provided the teacher performs a day of teaching services in the fourth year, and further provided the teacher received a satisfactory performance evaluation in the third year.

*(cf. 4112.10 Employment of Retired Teachers)*

Note: The following language sets forth state law governing portability of tenure. Alaska Statute 14.20.150, as amended in 1998, establishes criteria that a previously tenured teacher must meet in order to acquire tenure in your district. The criteria are different depending upon whether the teacher previously acquired tenure in your district or another district.

### CERTIFICATED PERSONNEL NONTENURED/TENURED STATUS (continued)

BP 4116 (b)

A teacher who has acquired tenure in the district but loses tenure because of a break in service may reacquire tenure if the break in service was not the result of dismissal or nonretention and did not last longer than one year. A teacher returning from a break in service not lasting longer than one year will reacquire tenure at the beginning of the second consecutive year of reemployment, provided the teacher performs a day of teaching services in the second year, and further provided the teacher received an acceptable performance evaluation.

A teacher who has acquired tenure in another district will acquire tenure in this district if the teacher's break in service was not the result of dismissal or nonretention and did not last longer than one year. A previously tenured teacher who has been employed by the district continuously for two consecutive school years and who is then offered a contract for the next succeeding school year shall achieve tenure at the beginning of the third year, provided the teacher performs a day of teaching services in the third year, and further provided the teacher received a satisfactory performance evaluation in the second year.

Note: A break in service which begins on or after the last instructional day of the school year but before the first instructional day of the next school year will be considered to have lasted no longer than one year if the teacher is employed on the first instructional day of the next consecutive school year. ### **CERTIFICATED PERSONNEL RESIGNATION**

**BP 4117.2 (a)**

The Superintendent or designee is authorized to accept the written resignation of any employee on behalf of the Iditarod School Board, and the resignation shall become effective immediately upon acceptance by the Superintendent or designee. A resignation presented to and accepted by the Superintendent or designee may not be withdrawn by the employee.

If a request to release a certificated staff member from his or her contract is made when fewer than thirty calendar days remain before the staff member's first contract day, or anytime thereafter or after June 30<sup>th</sup>], the district will consider filing a Professional Teaching Practices Commission (PTPC) complaint. When considering if the filing of a PTPC complaint is warranted, the district will weigh any mitigating circumstances including, but not limited to, factors impacting the staff member's family or health, factors related to the staff member's employment or working conditions, or unforeseen changes in the circumstances impacting the staff member's ability to continue employment with the district.

If a certificated staff member is currently under contract with the district and the district learns the staff member has contracted with another district without obtaining a written release, the district will consider a PTPC complaint against the staff member.

The district will not contract with a certificated staff member under contract with another district unless the staff member provides a written release from the current employer. If the district contracts with a certificated staff member who has not disclosed that he/she is under contract with another school district, the district reserves the right to terminate the contract for material misrepresentation and to file a PTPC complaint.

### CERTIFICATED PERSONNEL PERSONNEL REDUCTION

BP 4117.3 (a)

Note: Under AS 14.20.177, a district may implement a layoff plan if it is necessary to reduce the number of tenured teachers because school attendance has decreased or the basic need of the school district, as determined in accordance with AS 14.17.410(b)(1), decreases by three percent or more from the previous year. We recommend that school districts consult with legal counsel well before instituting layoff proceedings because of the complexity of legal provisions which must be followed.

The Iditarod School Board may determine that a reduction in certificated personnel is necessary due to declining enrollment or due to a reduction in the district's basic need in an amount established by law.

Note: The School Board should not enter into termination agreements without legal advice in light of Anchorage School District v. Anchorage Daily News which found that a district's settlement agreement could not be kept confidential under Alaska public records law.

The Iditarod School Board believes that it is incumbent upon school districts to provide a truthful account of the reasons why an employee has left district employment. The Iditarod School Board therefore does not look with favor on termination settlement agreements which prevent the district from giving prospective employers this information. If a termination agreement is made, the Superintendent or designee shall inform prospective employers that such an agreement has been made and may give out information as provided for in the agreement.

*(cf. 4112.61 - Employment References)*

In all cases in which an employee's conduct warrants probable cause for the suspension or revocation of the employee's teaching credential, the Superintendent or designee shall report the employee's suspension, termination or resignation to the Professional Teaching Practices Commission.

### CERTIFICATED PERSONNEL NONRETENTION

BP 4117.6

Note: AS 14.20.145 provide automatic reemployment rights to employees who do not receive notice of nonretention in accordance with AS 14.20.140. ### ALL PERSONNEL SEXUAL HARASSMENT

**BP 4119.11 (a)**  
**BP 4219.11 (a)**  
**BP 4319.11 (a)**

Note: The United States Supreme Court in Meritor Savings Bank, FSB v. Vinson et al., found that an employer could be held liable in a sexual harassment lawsuit. The bank's complaint procedure required the employee first to report the complaint to his/her supervisor who, in this case, was the accused party. We suggest that districts adopt a sexual harassment policy requiring the immediate supervisor of the offending employee and or personnel officer to receive the complaint.

The Iditarod School Board is committed to the elimination of sexual harassment in district schools and activities. Sexual harassment is strictly prohibited and will not be tolerated. This policy prohibits sexual harassment of students or staff by other students, staff, Iditarod School Board members or third parties. "Third parties" include, but are not limited to, school volunteers, parents, school visitors, service contractors or others engaged in district business.

*(cf. 4117.4 - Dismissal)*  
*(cf. 9020 – Standards)*  
*(cf. 9271 – Code of Ethics)*

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either an explicit or implicit condition of employment, status or promotion.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee.
3. The harassment substantially interferes with an employee's work performance or creates an intimidating, hostile, or offensive work environment.
4. Submission to, or rejection of, the conduct is the basis for any decision affecting benefits, services, honors, programs or other available activities.

An employee or Iditarod School Board member who feels that he/she is being harassed should immediately report the incident to the immediate supervisor of the accused employee or the appropriate personnel department official, without fear of reprisal. All complaints about behavior that may violate this policy shall be promptly investigated. The personnel department shall be informed of all such complaints and will assist in the investigation and resolution of complaints. An employee making a complaint of sexual harassment shall not be required to resolve the complaint directly with the offending person.

Note: Ellison v. Brady provides directives to employers responding to sexual harassment claims in order to shield themselves from liability, including taking immediate and appropriate action to address the harassment which entails investigation and discipline calculated to reflect the severity of the conduct, stop the harassment, and deter others from acting in the same manner.

The initiation of a complaint in good faith about behavior that may violate this policy shall not adversely affect the terms or conditions of employment or the work environment of the complainant. There shall be no retaliation by the district against any person who, in good faith, reports, files a complaint or otherwise participates in an investigation or inquiry of sexual harassment.

It is the intent of the Iditarod School Board that appropriate corrective action will be taken by the district to stop the sexual harassment, prevent its recurrence and address negative consequences. Employees in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional sexual harassment awareness training, as appropriate. Other individuals whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the Superintendent or designee or Iditarod School Board.

### ALL PERSONNEL HARASSMENT

**BP 4119.12 (a)**

The Iditarod School Board recognizes that harassment can cause embarrassment, feelings of powerlessness, loss of self-confidence, reduced ability to perform school work, and increased absenteeism or tardiness. The Iditarod School Board shall not tolerate the harassment of any student by any other student or district employee. Any student or employee who is found guilty of harassment shall be subject to disciplinary action.

Harassment means intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such a manner as to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual. Harassment includes, but is not limited to, harassment on the basis of race, sex, creed, color, national origin, religion, marital status, or disability.

*(cf. 4119.11 – Sexual Harassment)*  
*(cf. 4119.21 – Code of Ethics)*

To promote an environment free of harassment, the principal/principal-teacher or designee shall take appropriate actions such as removing vulgar or offending graffiti, establishing site rules, and providing staff inservice or student instruction and counseling. Principals/Principal-Teachers shall discuss this policy with their employees and shall assure them that they need not endure any form of harassment.

The Iditarod School Board encourages students or staff to immediately report incidences of harassment to the principal or designee. The Superintendent or designee shall promptly investigate each complaint of harassment in a way that ensures the privacy of all parties concerned. In no case shall the student or staff member be required to resolve the complaint directly with the offending person.

Notice of this policy will be circulated to all district schools and departments and incorporated in teacher and student handbooks.

### ALL PERSONNEL EMPLOYEES WITH INFECTIOUS DISEASE

**BP 4119.41 (a)**  
**BP 4219.41 (a)**  
**BP 4319.41 (a)**

Note: The Americans with Disabilities Act defines AIDS as a physical disability. School districts have a legal obligation to determine on a case by case basis, based on sound medical information, whether an HIV-infected employee can remain and work in the school environment. Employers are required to reasonably accommodate a disabled person.

Section 504 of the Federal Rehabilitation Act of 1973 provides that no otherwise qualified handicapped person may, solely by reason of the handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. In School Board of Nassau County, Fla. v. Arline (408 U.S. 273 (1987)), the U.S. Supreme Court extended this law's protection to employees significantly impaired by infectious diseases.

The Iditarod School Board encourages each employee to inform the district as soon as possible if he/she contracts an infectious disease which creates a physical or mental disability. The Iditarod School Board will reasonably accommodate the needs of such individuals.

The Iditarod School Board may reassign or grant disability leave to an employee who is unable to perform his/her job responsibilities because of illness or because the employee's illness significantly endangers his/her health or safety or the health or safety of others.

No employee will be discriminated against because of his/her disability. Legal protections established for disabled persons extend to individuals significantly impaired by infectious diseases.

*(cf. 4030 - Nondiscrimination in Employment)*  
*(cf. 4112.4/4212.4/4312.4 - Health Examinations)*

Note: The Center for Disease Control guidelines on AIDS/HIV state that the risk of HIV transmission is not posed by the kind of nonsexual, person-to-person contact generally occurring in workplaces other than those where body fluids may be exchanged, such as the workplace of a health care worker.

Decisions regarding reasonable accommodation of employees with infectious diseases should be made in consultation with one or more medical doctors, including the employee's physician, and with legal counsel. When the district's medical expert, the employee's treating physician and the district's legal counsel do not agree as to what accommodation is reasonable, the Superintendent or designee may convene a medical review panel consisting of a public health physician with expertise in infectious disease, the employee's treating physician, the employee and/or employee's representative, and the Superintendent or designee. All determinations regarding reasonable accommodation should be reviewed by legal counsel.

When informed that an employee has a disabling infectious disease, the Superintendent or designee may request that the employee sign a release form to provide confidential medical information and records.

In determining a reasonable accommodation of the employee's condition, the Superintendent or designee may consult with public health officials or physicians with expertise in the diagnosis and treatment of infectious disease. The Superintendent or designee may also communicate with the employee's physician regarding the employee's ability to perform the essential requirements of the job with reasonable accommodation and without posing significant health or safety risks to the employee or others.

The Superintendent or designee shall prepare a confidential report which includes his/her recommendation and the medical information upon which it is based. These recommendations shall take into consideration:

1. The nature of the disease and the probability of its being transmitted, including the duration and severity of the risk.
2. The physical condition of the employee, including diagnosis, treatment, and prognosis of the condition.
3. The actual requirements of the employee's job and the expected type of interaction with others in the school setting.

This report shall be forwarded to the Iditarod School Board for confidential review and action.

The job assignment of an employee with a disabling infectious disease shall be reevaluated whenever there is a change in medical knowledge or in the employee's medical regimen or health which might affect his/her assignment.

### Confidentiality

### **ALL PERSONNEL EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS**

**BP 4119.42 (a)**  
**BP 4219.42 (a)**  
**BP 4319.42 (a)**

Note: Pursuant to the Code of Federal Regulations, Title 29, Part 1910.1030, employers must identify employees who have occupational exposure to bloodborne pathogens and must, by March 8, 1993, establish a written Exposure Control Plan to eliminate or minimize employee exposure to these pathogens. Districts may want to consult legal counsel regarding whether components of its exposure control plan are subject to collective bargaining.

The Superintendent or designee shall meet state and federal standards for dealing with bloodborne pathogens and other potentially infectious materials in the workplace. The Superintendent or designee shall establish a written Exposure Control Plan designed to protect employees from possible infection due to contact with bloodborne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV).

Note: We recognize that implementing OSHA bloodborne pathogens standards involves many fiscal and personal considerations. Districts may want to narrowly construe their exposure determination, keeping in mind it may be necessary to broaden this determination based on their evaluation of exposure incidents and experience with unvaccinated designated first aid providers. The following optional paragraphs may be combined, modified or deleted as appropriate to assist the district in establishing an exposure determination which satisfies district needs.

The Iditarod School Board shall determine which employees have occupational exposure to bloodborne pathogens and other potentially infectious materials. In accordance with the district's Exposure Control Plan, employees having occupational exposure shall be offered the hepatitis B vaccination.

The Superintendent or designee may exempt designated first-aide providers from pre-exposure hepatitis B vaccination under the conditions specified by state regulations.

Any employee not identified as having occupational exposure in the district's exposure determination may petition to be included in the district's employee inservice and hepatitis B vaccination program. Any such petition should be submitted to the Superintendent or designee who shall evaluate the request and notify the petitioners of his/her decision. The Superintendent or designee may deny a request when there is no reasonable anticipation of contact with infectious material.

### **Hepatitis B Vaccination**

Note: The hepatitis B vaccination must be made available at no cost after an employee with occupational exposure has received the required training and within 10 days of initial assignment unless the employee has been previously vaccinated, is immune or vaccination is contraindicated by other factors. Note: Title 29 of the Code of Federal Regulations does not apply to employees who assist in nonemployment-related first-aid situations as "good Samaritans." While employees are not covered by the bloodborne standards if their exposure is unrelated to their job duties, OSHA encourages employers to offer post-evaluation and follow-up to all employees.

**AR 4219.43 (a)**  
**AR 4319.43 (a)**

Note: The Federal Code of Regulations, 29 CFR 1910.1030 states that all body fluids must be considered potentially infectious whenever it is difficult or impossible to differentiate between body fluid types. Infected individuals themselves do not always know they are infected; therefore, universal precautions offer the best protection for everyone.

"Universal Precautions" is an approach to infection control. According to the concept of universal precautions, all human blood and certain human body fluids are treated as if known to be infectious for HIV, HBV and other bloodborne pathogens. (29 CFR 1910.1030 (b))

Human immunodeficiency virus (HIV) and hepatitis B virus (HBV) can be found in blood, semen, vaginal secretions and breast milk. Other body fluids such as feces, urine, vomit, nasal secretions, sputum, and saliva may contain infectious germs that cause other diseases. It is not always possible to know when blood or body fluids are infectious; therefore, all body fluids shall be handled as if infectious.

All students and staff shall routinely observe the following universal precautions for the prevention of infectious disease:

1. Wear disposable waterproof gloves whenever you expect to come into direct hand contact with blood, other body fluids, or contaminated items or surfaces. This applies to incidents including, but not limited to, caring for nosebleeds or cuts, cleaning up spills, or handling clothes soiled by blood or body fluids. Do not reuse gloves. After each use, remove the gloves without touching them outside and dispose of them in a lined waste container. Gowns or smocks should also be worn if you anticipate soiling of clothes by body fluids or secretions.
2. Wash your hands and any other contacted skin surfaces thoroughly for 15 to 30 seconds with dispensable soap and warm running water, rinse under running water, and thoroughly dry with disposable paper towels:
  - a. Immediately after any accidental contact with blood, body fluids, drainage from wounds, or with soiled garments, objects or surfaces.
  - b. Immediately after removing gloves, gowns or smocks.
  - c. Before eating, drinking or feeding.
  - d. Before handling food, cleaning utensils or kitchen equipment.
