

BUILDING AND GROUNDS SECURITY

It is the goal of the Perry County School District to provide a safe learning environment for students and a safe working environment for employees. The Board directs the superintendent or designee to routinely inspect the district's property and bring proposals for improving security to the Board.

Property Access

In general, district buildings and property are not open to the public unless the district has specifically opened a building or property for public use or for an event to which the public is invited. The superintendent or designee will establish regular business hours and locations where members of the general public may contact the district and interact with district employees.

The superintendent or designee will set hours when parents/guardians may drop off and pick up their students. The district is not responsible for the supervision of students except during regular school hours or other times designated by the district.

The superintendent or designee will determine which district employees need access to district buildings or grounds outside regular building hours and provide those employees with keys or electronic access. The district will maintain a list of employees with access and will routinely monitor this list to ensure that only current employees continue to have access. An employee's access may be revoked at any time.

All district employees and volunteers are required to maintain security in district buildings, enforce building access rules and take action when doors are left unsecured or district security is otherwise compromised.

Security Personnel

The district may employ or contract for trained and appropriately licensed personnel or independent contractors to provide security during the regular school day, after regular business hours or during events or activities where additional security is determined necessary.

Surveillance Cameras

The district utilizes surveillance equipment on district property and in district facilities for security purposes.
