

Hi, I'm Cindy! I'm the daughter of Jose and Rosa Lopez. I was born in Plainview, Texas but moved to Crane when I was 4. I have two older siblings. I have a brother who is 20 years old and a sister who is 34 years old. Throughout high school I have been a part of the Crane band as well as the National Honor Society which I am vice president of. This year I also participated in UIL Academics where I competed in both the spelling and social studies events. P.S. I got dead last in social studies lol. I have been taking college courses since I was a freshman and have completed a total of 49 college hours. Outside of school I enjoy going to the gym and working out. I also enjoy going to church and building a closer relationship with God. I owe everything that I have accomplished and will continue to accomplish to the Lord. After graduating I plan on attending The University of Texas Permian Basin and majoring in Nursing. I hope to obtain my Bachelors of Science in Nursing and maybe strive for my Masters degree.
