CISD Parents,

It has come to our attention that a student discussed a possible threat with fellow students today during a class at Crane HS. Campus Administration and the Crane Police Department were immediately dispatched; all parties referenced have been interviewed and this incident is being fully investigated.

We take any and all references of threat or harm to the students and staff of Crane ISD and our community very seriously. Any findings of credible evidence or validity to this reference will be investigated and prosecuted to the fullest extent of the law.

Thank you,

A handwritten signature in black ink, appearing to read 'H. Limon', is written over a light blue rectangular background.
