

BUNKER HILL COMMUNITY UNIT SCHOOL DISTRICT #8

ETHNICITY/LANGUAGE SURVEY

The Bunker Hill School District, pursuant to Illinois State Code 105 ILCS 5/14C-3, must conduct a language survey. In addition, student demographic data, for the purposes of the federal and state enrollment reports, must include the ethnic group for each child enrolled. In prior years, there was no multi-cultural category. Since this has been added, we are giving individuals the opportunity to select the appropriate ethnicity for their child. This information is maintained as part of the student record. Cumulative data may be used to provide additional language services as deemed necessary.
