

# Attention Please!

**We are still having issues within our parking lot. Please be aware of our Parking Lot Safety Rules...**

## **Parking Lot Safety**

**Do not park in the loading zone (side of the school). We have a small parking lot & when people park in that area it is hard for our buses to unload the students & for everyone to see small children. Make sure you park on the side closest to the road.**

**Also, make sure you enter and exit in the correct designed area.**

### **PAY ATTENTION**

Make sure your child remains with you at all times. This sounds simple, but as parents, we all know how easy it is to become distracted, and within seconds, our child is out of reach. Therefore, whenever you enter a parking lot, it is imperative to put away your cell phone, shopping list, or whatever it is that may take your eyes off of your child, even for a minute.

### **WE NEED EVERYONE TO BE SAFE**

- ★ Your foot should not be on the gas pedal when driving in the parking lot. A very slow coast is the safest speed to travel.
- ★ Refrain from cell phone use in the parking lot, whether you are walking with your child or driving your vehicle.
- ★ Do not park in the bus loading. The lane is designated for emergency vehicles and school buses only.
- ★ Follow the directional signs to ensure that traffic is flowing in a proper order.
- ★ When entering or exiting the school area, please, shut the gate and lock it.
- ★ Do not leave children unattended in a vehicle, even if you are running into the building for "just a moment."
- ★ When backing out of parking spaces, DO NOT rely on electronic "car sensors" to see what is behind you. Physically look over your shoulders and check blind spots, check your mirrors, back up slowly and cautiously, remaining alert.

If you have any questions, please contact the school at 910-521-0559
