Thursday October 15, 2020 is the deadline for all required health information

United School District #304

12th Grade

For the **2020-2021** school year any child entering the 12th grade shall show proof of having received two doses of meningococcal conjugate vaccine prior to entering the 12th grade. The first dose shall have been received on or after the 11th birthday, and the second dose shall have been received on or after the 16th birthday, at least eight weeks after the first dose. If the first dose is administered when the child is 16 years of age or older, only one dose is required.

Please speak with your child's healthcare provider over the summer regarding your child's vaccination needs. United High School must have documentation of when the vaccine was administered in order for your child to be in compliance with state of Illinois requirements.

Walgreens and the Warren County Health Department have options available for various forms of insurance/medicaid.

Proof of receiving the meningitis vaccine must be turned in to the school office no later than **Thursday October 15, 2020** or your child will face exclusion from school until documentation is received.

Thank you for your attention to this important matter.

Jenna Roberts, RN
District Nurse
