

3/23/2020 External Communication

Good afternoon everyone,

We hope you and your family are healthy and settling into a new, comfortable routine with online schooling.

Just like our grocery stores, our suppliers are experiencing food shortages of certain items. As a result, we are only able to distribute food to students on Wednesday, March 25, 2020.

Until further notice, this will be the only scheduled distribution. Should the situation change, we will certainly notify you.

- Curbside distribution will be held Wednesday, March 25 ONLY.
- We have consolidated our resources and will have one pickup location.
- You may pick up your food behind the Middle School between 11:30 am - 12:15 pm.
- Please look for signs which will direct you.
- You will receive a box of food. Please bring a box or tote to assist us in loading items into your vehicle, if you are able.

Rest assured, our staff will take all necessary precautions and are committed to safe food distribution. Because we are experiencing a food shortage, we ask you to forego picking up food for your student if you are not in need.

Students, continue with your daily online instruction. Your teachers are available to answer your questions via email only.

Please continue to check our website at www.limashawnee.com for the most up-to-date information.

Thank you,

James Kanable, Superintendent
