

NORTH LITTLE ROCK CATHOLIC ACADEMY  
"Affordable Quality Catholic Education"

July 1, 2020

Dear NLRCA Parents,

We are ready to look to the future for all of your children. It has been a very tough past three and a half months. I pray that all is well with our NLRCA families.

At this time the Catholic Schools are planning on opening our doors for children to enter their classrooms on August 17, 2020. This is subject to change in the future if Mrs. Theresa Hall considers it necessary.

We are implementing 56 new rules and regulations designed for the safety of our student population. A virtual video will be sent to all parents regarding the Return To School plan and the effect that it will have on your child in the classroom. We believe that this video will assist in easing your mind regarding your child/en attending school in August.

The video is being created by the NLRCA teaching staff under the directions of the Superintendent's office. The teachers will need the necessary training before filming begins. This process will take a few weeks. I will alert you when the Video is going live.

Please if you have any questions contact Mrs. Troutman or Mrs. Sharp at 501-374-5237.

In His Holy Name,

Denise Troutman
