

A Parent's Guide to Exploring Teacher Pages

*Google "Magnolia School District Arkansas" and hit enter.

*Click on the first result.

You might see your campus listed,

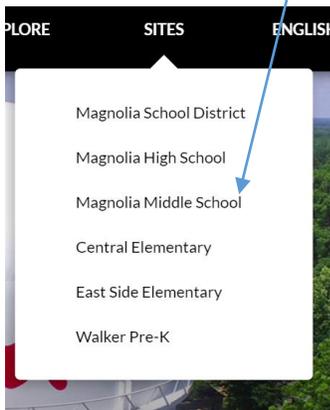

but we'll start at Magnolia School District since . . .

you might not.

*Now we're here. To find your student's campus, click Sites . . .

and click on your campus.

I will select Magnolia Middle School, but all Campus Sites work the same way.

*Once you are on your student's Campus page, Click on Explore.

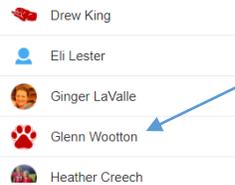

*A Campus Menu box opens . . .

Note: There are many choices, but we're here for Teacher Pages! So click here.

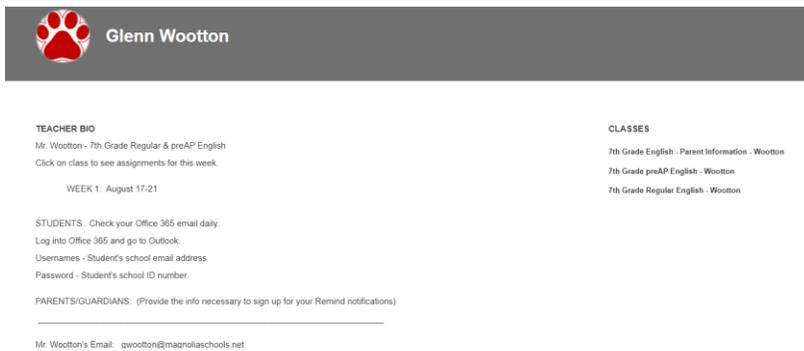

*Now we see the Campus Teacher Pages. Scroll down to find your student's teacher (alphabetized by First Name) and Click on that teacher's name.

I'm going to Mr. Wootton's Teacher Pages because . . . that's me! 😊

But ALL Teacher Pages will be laid out the same.

*So, now we have this.

Week/Date reminder.

All resources are on the Microsoft Teams App which was loaded onto the desktops of all Student laptops. All they have to do is click on the App OR go to . . . <https://teams.microsoft.com>

Yes. There IS a Friday – 8/21 . . . it just got cut off. ☺

Just one more thing!

*Let's click on [View Teacher Info](#) to go back to Mr. Wootton's Home Page then click on [7th Grade English – Parent Information – Wootton](#) on the right hand side.

That gives us this.

It still says Assignment (though it isn't really).

For teachers who attach documents, they will appear at the bottom of the Assignment.

Clicking THIS one, would show you how to log into your student's Office 365 account and see all the work they do in Teams and ClassNotebook. . . and the actual quizzes, tests, writing they do in class and the grades they received. 😊

But you'll have to go to Teacher Pages to see for yourself.

That's it! I hope you found this helpful.
