PUPIL GROUPING

### **2310 PUPIL GROUPING**

The Board of Education believes that each pupil should be provided with the instruction that will best suit his or her intellectual, physical, emotional, and social capabilities. The Board authorizes the Superintendent to develop a schedule and class organization that will provide for the placement of pupils in instructional groups that will offer them the greatest educational benefit.

The grouping of pupils should be flexible and should take into consideration the age, mental ability, past academic record, emotional needs, physical maturity, and interests of each pupil.
