Good Afternoon NPS!

As we move closer to the beginning of the 2020-2021 school year, we understand that we are truly entering a most unusual time.

It remains our goal to return to school in person, on campus, on Wednesday, August 12th.

We will provide multiple options for students and parents to choose from to address their own personal concerns. We are prepared for 2020-2021 to be:

1. 100% In person and on campus.
2. 100% virtual and online, through Noble Public School's Staff.
3. Blended model for students 6-12 grade, pending administrative approval.
4. We are also excited to announce that we are going to be 1-to-1 with technology devices in the very near future, and we are hopeful this occurs by the beginning of the year. This will allow us to transition to 100% online should we need to do so.
5. We are going to change Enrollment Confirmation this year as well. Our staff will be calling during the week of July 20-24 for you to update any changes that have occurred since last school year. Any updates may also be dropped off at Central Office in the night drop located just south of the main doors, on the west side of the building.
6. When we confirm enrollment, we will also be asking if your student will attend in person or virtually.
7. We need to be prepared to wear protective masks. While a final determination has not been made on whether masks will be required, current recommendations from the State Department of Education and the State Department of Health suggest that this is the best thing we can do to protect our students and staff.
8. We will continue to update you as more information becomes available.
9. Thank you for your support and understanding. Great things will continue to happen. Go Bears!
