

# **3 Options for 2020/21 Students At the K-6 Arkansas Arts Academy Campus**

- 1) On-Campus Learning- Students will come daily for on-site instruction. Health safety guidelines will be followed.**
- 2) Hybrid- Students will come to the campus for some instruction and receive other instruction online. These plans will be individualized by the administration team and parents.**
- 3) On-Line Learning- Students will take all classes online using a provided online curriculum.**

# **K-6 ON-CAMPUS LEARNING**

Parents will go through COVID-19 form daily to decide whether to bring their child to school or not.

Students will be checked for temperature before entering the school building. Car riders will be checked in their car and bus riders will be checked before stepping on the bus.

Students and teachers will be required to wear masks when social distancing guidelines can't be implemented.

Teachers in 4th-6th grade will rotate among groups so students are not required to move more than needed. Students will rotate M-Thursday on which class they will spend their day. On Friday, students will be in their homeroom.

Students will attend PE and art classes. At times, PE teachers and art teachers will conduct their classes in the child's classroom.

Meals will be eaten in the classroom. The cafeteria will deliver lunch and students grab a breakfast to go from the cafeteria.

SSC, our cleaning contractor, will be sanitizing areas throughout the day along with providing our staff with some items to use in the classroom.

Class sizes will be reduced to assist with social distancing guidelines.

**\*Students will be able to move between options with administrative approval.**

**More detailed information about each option is available on the COVID-19 resources website.**

## **K-6 Hybrid Learning**

This model is individualized for each child through a plan created by the administrative team and parent.

This model will allow choice of what classes the child will do on-line and on-campus.

When on-campus, students will follow on-campus health guidelines.

## **K-6 ON-LINE LEARNING**

Students will take all of their classes on-line and off-campus.

This model will utilize the Lincoln Learning Management system to provide the instruction.

Arkansas Arts Academy staff will check in with students and have times available for questions.
