Vendor Notes: CONCURRENT SEAT LICENSE SEAT PRICING – Includes FULL curriculum with a minimum of 5 licenses starting as low as \$750 with quantity price breaks. Concurrent user licensing allows districts to purchase at a lower cost because the maximum number of concurrent users expected to use Odysseyware at any given time (those users all logged in together) is only a portion of the total system users in the district. The concurrent licenses are global and shared by anyone who needs to use the system. This contrasts with per student licensing in which one license must be purchased for each and every individual who will be using Odysseyware. STUDENT SEAT LICENSE PRICING – Price is Per Student, Full curriculum, 50 students minimum starting at \$250 per student with quantity price breaks. Licenses can be transferred one time only during license effective dates based on one of three criteria: Student Graduates, Student Dies, Student Drops out or Transfers. Designed to meet the needs of 21st Century Learners and address diverse learning styles, Odysseyware courses incorporate dynamic learning activities, rich video, learning games and embedded assessment.
