

# IMMS Summer Reading

Incoming 5th-8th grade students are invited to participate in our summer reading challenge.

Participants will be invited to an assembly in September where they will have the chance to win prizes for reading!

## HOW TO PARTICIPATE:

- Students read books of their choice and log each one on the book log linked below. Students will earn an entry to win prizes for each book read.
- Students can complete an optional activity with each book. Completing activities along with the books they read will earn them additional prize entries. Activities can be turned in digitally on the book log or can be printed and turned into the IMMS Main Office throughout the summer.
