

The regular meeting of the School Board was held Monday, October 25, 2010, at the Hub Area Technical School.

President Sharp called the meeting to order at 6:00 PM with the following members present: Mr. Mike Miller, Mr. Brad Olson, Mrs. Linda Burdette, Mr. Brian Sharp, Mr. Scott Wirth, Mr. Duane Alm, and Mr. Bob Nikolas.

Call to Order

Central High School Principal Jason Uttermark introduced Kerry Konda, CHS Debate Coach, who reported Central Debate had a successful 2010 Season. Last year Central had 336 degrees, a ranking that places Central as the 59th largest debate program according to number of degrees. Degrees are determined by number of students involved and success of those students. Northern SD District ranked 11th in the nation in new degrees with 67.44 degrees. Central led the district for total degrees last year for the first time in school history. 2010 Colter Heirigs had career total points of 2020 placing him in the top 50 point earners in the nation last year which places him second in school history. The team placed 3rd at the state tournament. Congratulations to the Debate program!

CHS Debate Recognition

The All-State Orchestra members from Aberdeen Central High School performed for the school board. These students will be joined by the best orchestral musicians from across South Dakota. The Aberdeen students include: Senior Taylor Johnson, Juniors Kelsey Mundt, Dalton Schutte, Everett Ulvog, and Freshmen Elizabeth Wensmann.

Mr. James Weaver, CHS Orchestra Director, also informed the Board that Mark Wood, Electric Violinist Composer and International Recording Artist, will be conducting a workshop at Central High School. The workshop will include several regional schools for an all day event on Saturday, February 12.

Mark Wood Workshop

Mike Miller gave the Hub Area Technical School update. The Board reviewed a tentative policy regarding tuition for non-member schools. Mr. Pudwill asked instructors to look inside their programs to see what different semester courses could be offered. An example of this, which won't change costs, is splitting up electronics to also include classes on cabling, operations systems, computer hardware and electronic wireless technology. The semester courses, all state-certified, will begin next year.

Hub Area Technical School Update

Bob Nikolas reported on the listening session held earlier in the day at C.C. Lee Elementary. Areas of discussion included behavior problems, growing class sizes, parental involvements, Smart Board and technology training.
