Virtual Learning Registration
INSTRUCTIONS

- Completed application returned to school or BOE by 4:00 PM July 16, 2020.
- Please complete all sections of the application.
Parent/Guardians will have the option to choose between traditional (in-person/face-to-face instruction in the school building) or virtual (online/distance) learning for their children during the 2020 Fall Semester. We will determine the need for Spring Semester virtual learning at a later date, based on updated information from state and federal health agencies.

While being committed to all students having access to a quality education this fall, we acknowledge the decision on whether to return to a school building or enroll in virtual learning is deeply personal for each family. In order to participate in virtual learning, this Virtual School Registration Form must be completed for each student. You only need to complete this form if you are choosing online learning instead of traditional in-person instruction at the school building. Families with multiple children should complete one form for each child who will participate in virtual learning.

**All Virtual School Registration Forms are to be submitted before 4:00pm on Thursday, July 16, 2020.** This will allow us time to assign your student to a virtual class and provide the appropriate training to the virtual facilitator.

Virtual Learning Expectations

- Choosing the virtual learning option requires a commitment for at least one full semester. At this time, Charlton County Schools is offering the option of full-time virtual learning for our K-12 students during Fall Semester 2020 from August 5 – December 18, 2020. Virtual learning students may return to traditional in-person classrooms when school resumes on January 8, 2021.

- It will be the parent’s responsibility to provide sufficient technology (device and connectivity) for the child to be successful in virtual learning. No print resources will be provided.

- Each student may be assigned weekly on-line learning schedules where assignments will be graded and daily participation is required.

- Virtual learning requires a supportive parent or adult for the digital learning experience to be successful.

- Students participating in virtual learning will be ineligible for extra-curricular or co-curricular activities.

We look forward to partnering with your family and remain committed to providing quality learning for all Charlton County School students this fall.

**Please note – submitting a Virtual Learning Registration Form confirms that your student will not attend in-person classes for Fall Semester 2020.**

Parent/Guardians will be contacted no later than July 31, 2020 to confirm their child’s acceptance in virtual learning for the Fall Semester 2020. Incomplete applications will not be processed.
Charlton County Schools
Virtual Learning Registration Form

Parent/Guardian Affirmations (please initial to confirm acknowledgement of each statement):

Guardian Initials
I understand that choosing online learning for my elementary, middle or high school child means I am committing to this option for at least one full semester: August 5, 2020 through December 18, 2020.

Guardian Initials
I understand I am requesting the option for my child to learn at home with online instruction. Daily participation will be required and assignments will be graded.

Guardian Initials
By choosing the online learning option, I commit to providing the device needed and the internet connection needed to support my child’s learning.

Guardian Initials
Students are expected to respond to academic challenges with the highest degree of integrity and honesty. When engaged in virtual learning activities, students should demonstrate the discipline necessary to seek guidance from their facilitator rather than resorting to inappropriate behaviors that may undermine their own academic and personal development. Consequences will result when this policy is violated.

Guardian Initials
I understand that choosing virtual learning to keep my child from interacting with other students in the traditional learning environment also means that my child will be excluded from participating in all face-to-face athletic, extra-curricular and co-curricular activities during the Fall Semester 2020 since it will be impossible for them to fully social distance during these events.

Primary reason for choosing virtual learning for my child (initial only one):

Guardian Initials
I am not ready for my child to attend traditional school.

Guardian Initials
My child or family member qualifies under Hospital Homebound (HHB) guidelines. Medical documentation required.

Student’s Legal Name: (please print) First Middle Last
Student’s Date of Birth: mm/dd/yyyy 
Student’s Local ID / Lunch Number:

Which school is your child attending for Fall 2020?

What grade will your child be enrolled in for Fall 2020?

Check if this student’s current status is “Active” for any of the following:

___Special Education ___Gifted ___Student Support Team/Section 504 ___EIP/Remedial ___Homeless ___ESOL

Parent/Guardian Name: (please print) First Last
Parent/Guardian Phone: Parent/Guardian Email:

Parent/Guardian Signature: Date:

Submitting a Virtual Learning Registration Form confirms that your student will not attend in-person classes for Fall Semester 2020.
