

Edited for MSUSD Special Board Meeting, July 13, 2020 by Nancy Swift

Goal for using this framework:

Confirm core principles to be used in guiding the resumption of school in Fall 2020 during Covid-19.

For each level, let's identify:

1. Values or Principles
2. Information Needed
3. Questions to research
4. Programs/Services
5. Board Role
6. Future Action

CSBA's Core Principles for Resuming Instruction

CSBA believes resuming instruction must be based on five core principles. These principles apply to decisions about how and when to reopen campuses, as well as to the types of instructional approaches a school district or county office of education may provide.

Health and Safety: The health and safety of students and staff is paramount

Funding and Resources: The state must fund schools at the level needed to provide appropriate health and safety measures and quality instruction

Adaptable, High-Quality Teaching and Learning:

LEAs should prepare to provide high-quality teaching and learning that is adaptable to local needs and conditions

Equitable Supports for All Students: Plans for the new school year should ensure that all students have access to the supports they need

Flexibility: Schools must have flexibility to provide for both the safety of students and staff and continuity of learning
