

July 10, 2020

Dear Patient:

On August 5th, Carle Hoopeston Regional Health Center will offer a sports physical clinic from 1pm-4pm at Charlotte Ann Russell Medical Center. Physicals will be performed by our providers and will be offered at a price of \$15.

If you would like your child to receive a sports physical, please call our office to schedule an appointment at this time at (217) 283-8500.

We ask that your child bring the sports physical form to the clinic on the day of the sports physical clinic.

- **Sports Physical Form** – This form gives us basic health information about your child. There are two sides to the form: one side that will be completed by our providers and another side that will need to be completed by the child and parent/guardian together. **Please do not complete the provider side.** Complete only the side reserved for the child and parent/guardian. A signature is required at the bottom of this side. Please include both the child's **and** the parent/guardian's signature in this section. This side must be completed and signed prior to arriving for the sports physical.

We look forward to providing care to your child. For more information about our sports physical clinic, please call Charlotte Ann Russell Medical Center.

Sincerely,

Heather Tucker MSN, RN-BC, NEA-BC
Hospital Administrator
Director of Ambulatory Services
