

Keeping You Safe... We look forward to our return to school in August! As we prepare for a safe return to school, the following items will be provided for personal and classroom use. If you have questions, please email your principal.

Face Shields - One for each staff and student. (donated by Super ATV in Madison)

See through face masks have been ordered for certified teaching staff

Face Masks - A couple for each staff member and student. Disposable masks will be available for those who forget. (Hanes brand - donated by Ripley County Health Department from a federal grant, another set from OrthoCincy, and others are from the Indiana Department of Education)

Hand Sanitizer - Hand washing is best, but when it isn't possible, hand sanitizer will be in classrooms and high traffic areas.

Disinfectant - will be in classrooms to use for desks and classroom surfaces along with the paper towels provided (not pictured).
