

July 14, 2020

Dear Families,

We are excited to welcome students back to school on Tuesday, August 11, for the 20-21 school year. Contained in this email are links to documents that will give you information about the safety plans we are implementing as we return to school. Your child's health and safety are our first priority, and we have developed these plans with safety in mind. The links below may also be found on our school website, under COVID-19 information. If you have questions, please contact your child's school.

We appreciate your understanding as these plans are implemented, knowing that all of our plans are subject to change based upon guidance from Gov. Holcomb, State Superintendent Jennifer McCormick, the Indiana Department of Education, Dr. Welsh, and the Ripley County Health Department. We will update you as plans change.

This unprecedented global pandemic has forced everyone to change their usual habits and routines. Even though some of our school routines will also change, our commitment to provide our students with a quality educational experience remains, so that students will learn and grow everyday, and will ultimately graduate with a purpose. We are grateful to join with all of our families as we reach our goals together.

Sincerely,

Jane E. Rogers
Superintendent
