

Dear Parents/Guardian,

K-2 students are offered a milk/juice break daily. The student is able to choose from white milk, chocolate milk, or the juice of the day. The break time is determined by each teacher. It is an extra cost to the parent and does not qualify under the free or reduced plan. This break is also different from the child getting milk at lunch time. If your child brings a lunch from home and gets milk during lunch, they are charged \$.40 per milk even if they are on the free and reduced plan.

In order to keep track of milk/juice for the school year, you will be able to either pay the amount in full at the beginning of the year, pay the first semester at the beginning of the year and second semester at the beginning of second semester, or the last option will be the payment plan as follows:

Date Money is Due		
1 st Day of School	\$17.60	
October 3, 2023	\$17.60	

Second Semester Payment Plan

Date Money is Due		
1 st Day of Second Semester	\$17.60	
February 27, 2024	\$17.60	

If you make payment plans and we do not receive payment by the dates listed above your child will be removed from the milk/juice list and will no longer receive the option to purchase milk/juice. We will need to receive payment either at registration or on/before the 1st day of school for the 1st nine weeks. If payment is not received on or before the first day of school you will not have the opportunity to purchase milk for the 1st nine weeks. Payment can be made up until October 3rd, 2023 for the 2nd nine weeks. If the 2nd installment is not paid by October 3rd your child will not receive milk/juice after October 16, 2023 and will lose the opportunity to purchase milk until 2nd semester. We will need to receive 2nd semester or 3rd nine weeks milk/juice money on/before January 9, 2024. If payment is not received on or before January 4th you will not have the opportunity to purchase milk for the 3rd nine weeks. Payments can be made up until February 27th for the 4th nine weeks. If the 2nd installment is not paid by February 27, 2024 your child will not receive milk/juice after March 11th, 2024.
