

NORTH BABYLON

**SUBJECT: STUDENT BULLYING PREVENTION AND INTERVENTION**

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board recognizes that harassment, hazing and bullying is detrimental to student learning and achievement. It interferes with the mission of the District to educate its students and disrupts the operation of the schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts.

To this end, the Board condemns and strictly prohibits all forms of harassment, hazing and bullying on school grounds, school buses and at all school-sponsored activities, programs and events including those that take place at locations outside the District but that materially and substantially disrupt the educational process of the school environment and impinge on the rights of others.

**Definitions**

For purpose of this policy, the term “harassment” is defined as the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; or conduct, verbal threats intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety. The harassing behavior may be based on a person’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex, sexual orientation or gender (identity or expression).

If the harassment is of a sexual nature, policy/regulation 7551 R. provides additional information and clarification on the District’s responsibilities in this area.

For the purposes of this policy, “bullying” (which is subsumed under the term “harassment”), is understood to be a hostile activity which harms or induces fear through the threat of further aggression and/or creates terror. Bullying may be premeditated or a sudden activity. It may be subtle or easy to identify, done by one person or a group. Bullying is characterized by the following:

1. Power imbalance occurs when a bully uses his/ her physical or social power over a target;
2. Intent to harm occurs when the bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity;
3. Threat of further aggression occurs when the bully and the target believe the bullying will continue; and
4. Terror occurs when any bullying increases, it becomes a “systematic violence or harassment used to intimidate and maintain dominance”.

There are at least three kinds of bullying: verbal, physical and social /relational. They are defined as follows:

1. Verbal bullying includes name calling, insulting remarks, verbal teasing, frightening phone calls, violent threats, extortion, taunting, gossip, spreading rumors, racist slurs, threatening electronic communications, anonymous notes, etc.;  
(Continued)
2. Physical bullying includes poking, slapping, hitting, tripping or causing a fall, choking, kicking, punching, biting, pinching, scratching, spitting, twisting arms or legs, damaging clothes and personal property or threatening gestures; and
3. Social or relational bullying includes excluding someone from a group, isolating, shunning, spreading rumors or gossiping, arranging public humiliation, undermining relationships, teasing about clothing, looks, giving dirty looks, aggressive stares, etc.

In the remainder of this policy and associated regulation the term “bullying” will be used to refer to harassing or hazing behaviors because that is the term most commonly used by students and parents.

### **Prevention**

The school setting provides an opportunity to teach children and emphasize among staff that cooperation with and respect for others is a key District value. A program geared to prevention is designed to not only decrease incidents of bullying but to help students build more supportive relationships with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through District-wide professional development and instruction, to the warning signs of bullying, as well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur. The components of such an effort involved the following:

1. Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying;
2. Gathering information about bullying at school directly from students;
3. Establishing clear school-wide and classroom rules about bullying;
4. Training adults in the school to respond sensitively and consistently to bullying;
5. Providing adequate adult supervision, particularly in less structured areas such as in the hallways, cafeteria and playground;
6. Raising parental awareness and involvement in addressing problems; and
7. Providing instruction in civility, citizenship and character education that emphasizes tolerance and respect for others.

In order to implement this program the Superintendent will establish a District-wide Task Force on Bullying Prevention, as well as Bullying Prevention Coordination Committees in each school. This District-wide task force and the school-level committee will assist the administration in developing and implementing specific procedures on early identification of bullying and other preventive strategies. In addition, the program will include reporting, investigating, remedying and tracking allegations of bullying.

**Intervention**

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building. In addition, intervention will focus upon the safety of the target/victim. When made aware of bullying, staff is expected to either refer the student to designated resources for assistance or to intervene in accordance with this policy and regulation.

**Training**

The Board of Education recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The Superintendent and the District Professional Development Team will incorporate training to support this program in the annual professional development plan as needed. Training opportunities will be provided for all staff, including but not limited to bus drivers, cafeteria and hall monitors and all staff who have contact with students. In accordance with state law, the Superintendent shall ensure that at least one staff member is thoroughly trained in human relations in areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender and sex.

**Reporting and Investigation**

Students who have been bullied or other students who observe bullying behavior are encouraged to make a verbal and/or written complaint to a teacher, coach, bus driver, social worker, counselor, supervisor or administrator in accordance with the training and guidelines provided. At all times, complaints will be documented, tracked and handled in accordance with the regulations and procedures accompanying this policy and the District's Code of Conduct. Incidents will be included in the Violent and Disruptive Reporting (VADIR) system, when applicable.

**Disciplinary Consequences**

While the focus of this policy is on prevention, bullying acts may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action will be taken by the administration in accordance with the District's Code of Conduct or collective bargaining agreement(s), as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

**Non-Retaliation**

All complainants and those who participate in the investigation of a complaint in conformity with state law and District policies and who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

**Dissemination, Monitoring and Review**

This policy, or a plain language summary, shall be published in student registration material, student, parent and employee handbooks, and posted on the District's website.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If changes are needed, revisions will be recommended to the Board of Education for its consideration.

In addition, the Board will receive then annual VADIR data report for each building and for the District as whole, with particular attention to the trends in the incidence of bullying. Based on the review of the data, the Board may consider further action, including but not limited to, modification of this policy and additional training.

## **STUDENT BULLYING PREVENTION AND INTERVENTION REGULATION**

### **Reporting and Investigation**

In order for the Board of Education to effectively enforce the Student Bullying Prevention and Intervention policy and to take prompt corrective measures, it is essential that all victims and persons with knowledge of bullying report such behavior immediately to the Building Principal or his/her designee as soon as possible after the incident so that it may be effectively investigated and resolved. The district will promptly investigate all complaints, formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner although limited disclosure may be necessary to complete a thorough investigation.

In order to assist investigators, individuals should document the harassment, hazing, bullying as soon as it occurs and with as much detail as possible including the following:

1. The nature of the incident(s);
2. Dates, times and places it has occurred;
3. Name of perpetrator(s);
4. Witnesses to the incident(s); and
5. The victim's response to the incident.

If, after appropriate investigation, the District finds that a student, and employee or a third party has violated this policy, prompt corrective action will be taken in accordance with the code of conduct, applicable collective bargaining agreement, District policy and state law.

### **Confidentiality**

It is District policy to respect the privacy of all parties and witnesses to complaints of the bullying. To the extent possible, the District will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's need for confidentiality must be balanced with the District's legal obligation to provide due process to the accused, to conduct a thorough investigation, or to take necessary action to resolve the complaint, the District retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complaints.

If a complainant requests that his/her name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation shall inform the complainant of the following:

1. The request may limit the District's ability to respond to his/her complaint;
2. District policy and federal law prohibit retaliation against complainants and witnesses;
3. The District will attempt to prevent any retaliation; and
4. The District will take a strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the District from responding effectively to the bullying and preventing the bullying of other students.

**STUDENT BULLYING PREVENTION AND INTERVENTION  
REGULATION****Investigation and Resolution Procedure****A. Initial (Building-level) Procedure**

Whenever a complaint of bullying is received whether verbal or written, it will be subject to a preliminary review and investigation. Except in the case of severe or criminal conduct, the Principal or his/her designee should make all reasonable efforts to resolve complaints informally at the school level. The goal of informal procedures is to end the bullying and obtain a prompt and equitable resolution to a complaint.

As soon as possible but no later than *three working days* following receipt of a complaint, the Principal or his/her designee should begin an investigation of the complaint by doing the following:

1. Reviewing any written documentation provided by the victim(s);
2. Conducting separate interviews of the victim(s), alleged perpetrator(s), and witnesses, if any, and documenting the conversations; and
3. Providing the alleged perpetrator(s) a chance to respond and notify him/her that if objectionable behavior has occurred, it must cease immediately and that the individual may be subject to discipline.

Parents of student victims and accused students should be notified within one school day of allegations that are serious or involve repeated conduct.

Where appropriate, informal methods may be used to resolve the complaint, including but not limited to the following:

1. Discussion with the accused, informing him or her of the District's policies and indicated that the behavior must stop;
2. Suggesting counseling, skill building activities and/or sensitivity training;
3. Conducting training for the department or school in which the behavior occurred and calling attention to the consequences of engaging in such behavior;
4. Requesting a letter of apology to the victim;
5. Writing letters of caution or reprimand; and/or
6. Separating the parties.

Appropriate disciplinary action shall be recommended and imposed in accordance with District policy, the applicable collective bargaining agreement or state law.

The Principal or his/her designee shall report back to both the victim and the accused, notifying them in writing and also in person, as appropriate, regarding the outcome of the investigation and the action taken to resolve the complaint. The victim shall report immediately if the objectionable behavior occurs again or if the alleged perpetrator retaliates against him/her.

If a complaint contains evidence or allegations of serious or extreme bullying, the complaint shall be referred promptly to the Superintendent. In addition, where the Principal or his/her designee has a reasonable suspicion that the alleged bullying incident involves criminal activity, he/she should immediately notify the Superintendent who shall then contact the school attorney, appropriate child protection and law enforcements authorities.

## **STUDENT BULLYING PREVENTION AND INTERVENTION REGULATION**

Any party who is not satisfied with the outcome of the initial investigation by the Principal or his/her designee may request a District-level investigation by submitting a written complaint to the Superintendent within 30 days.

### **B. District-level Procedure**

The Superintendent or his/her designee shall promptly investigate and resolve all bullying complaints that are referred to him/her, as well as those appealed to the Superintendent following an initial investigation by a Principal or his/her designee. In the event the complaint involves the Superintendent, the complaint shall be filed with or referred to the Board of Education President who shall refer the complaint to an appropriate individual for investigation.

The District level investigation should begin as soon as possible *but not later than three working days* following a receipt of the complaint by the Superintendent or Board President.

In conducting the formal District level investigation, the District will endeavor to use individuals who have received formal training regarding such investigations or that have previous experience investigating such complaints.

If a District investigation results in a determination that bullying did occur, prompt corrective action will be taken to end the misbehavior.

No later than thirty (30) days following receipt of the complaint, the Superintendent (or in cases involved the Superintendent, the Board of Education appointed investigator) will notify the victim and alleged perpetrator, in writing, of the outcome of the investigation. If additional time is needed to complete the investigation or take appropriate action, the Superintendent or Board of Education appointed investigator will provide all parties with a written status report within 30 days following receipt of the complaint.

Where incidents involve violations of civil rights, the victim and the alleged perpetrator have the right to be represented by a person of their choice at their own expense during investigations and hearings. In addition, victims have the right to register complaints with the U.S. Department of Education's Office of Civil Rights.

### **Retaliation Prohibited**

Any act of retaliation against any person who opposes bullying behavior or who has filed a complaint is prohibited and illegal and therefore subject to disciplinary action. Likewise, retaliation against any person who has testified, assisted or participated in any manner in an investigation, proceeding or hearing of a bullying complaint is prohibited. For purposes of this policy, retaliation includes but is not limited to: verbal, written or physical threats, intimidation, ridicule, bribes, destruction of property, spreading rumors, stalking, harassing phone calls and any other form of harassment. Any person who retaliates is subject to immediate disciplinary action, up to and including suspension or termination.
