Annual Asbestos Notification

USD 366 has been complying with federal and state asbestos regulations for many years. Some of the building materials in our schools do contain asbestos. These materials are periodically inspected and maintained to ensure that they do not present a health hazard to students, employees, and visitors.

The asbestos management plan for USD 366 is located in the district administrative office and in the administrative office of each school. Interested persons may inspect the plan at any time. If you have specific questions, you may contact:

Dr. Steve Pegram, (620) 625-8804.

The last 3-year inspection occurred on January 15, 2020.

USD 366 is committed to protecting the health of all students, employees, and visitors, and we will continue to ensure that asbestos-containing materials are maintained according to federal and state requirements.
