

BULLYING

It is the policy of this school district that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school. The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public school or private school in Oklahoma or another state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students.

As used in the School Safety and Bullying Prevention Act, "bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency or to a delinquency prevention and diversion program administrated by the office of Juvenile Affairs
13. Suspension
14. Performing Campus-site services for the school district
15. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

HARASSMENT (Cont.)

Harassment set forth above may include, but is not limited to, the following:

1. Verbal, physical, or written harassment or abuse;
2. Repeated remarks of a demeaning nature;
3. Implied or explicit threats concerning one's grades, achievements, etc.;
4. Demeaning jokes, stories, or activities directed at the student;
5. Unwelcome physical contact.

The superintendent shall develop procedures providing for:

1. Prompt investigation of allegations of harassment;
2. The expeditious correction of the conditions causing such harassment;
3. Establishment of adequate measures to provide confidentiality in the complaint process;
4. Initiation of appropriate corrective actions;
5. Identification and enactment of methods to prevent reoccurrence of the harassment; and
6. A process where the provisions of this policy are disseminated in writing annually to all staff and students.

A copy of this policy will be furnished to each student and teacher in this school district.

STUDENT BULLYING**

Statement of Legislative Mandate and Purpose

This policy is a result of the legislative mandate and public policy embodied in the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 et seq. (“Act”). The district intends to comply with the mandates of the Act and expects students to refrain from bullying. Bullying is expressly forbidden and students who bully are subject to disciplinary consequences as outlined in the district’s policy on student behavior. Bullies may also be provided with assistance to end their unacceptable behavior, and targets of bullies may be provided with assistance to overcome the negative effects of bullying.

Definition of Terms

A. Statutory definition of terms:

“Bully” means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school’s educational mission or the education of any student.

“Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

“Electronic communication” means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device, or a computer.

Note: Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

“At school” means on school grounds, in school vehicles, at school-sponsored activities, or at school-sanctioned events.

B. The “Reasonable Person” Standard

In determining what a “reasonable person” should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the discipline history and physical characteristics of the alleged bully.

C. Types of Bullying

“Physical Bullying” includes harm or threatened harm to another’s body or property, including but not limited to threats, tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

“Emotional Bullying” includes the intentional infliction of harm to another’s self-esteem, including but not limited to insulting or profane remarks or gestures, or harassing and frightening statements.

“Social Bullying” includes harm to another’s group acceptance, including but not limited to gossiping; spreading negative rumors to cause a targeted person to be socially excluded, ridiculed, or otherwise lose status; acts designed to publicly embarrass a targeted person, damage the target’s current relationships, or deprive the target of self-confidence or the respect of peers.

“Sexual Bullying” includes harm of a sexual nature, including but not limited to making unwelcome sexual comments or gestures to or about the targeted person; creating or distributing vulgar, profane or lewd words or images about the target; committing a sexual act at school, including touching private parts of the target’s body; engaging in off-campus dating violence that adversely affects the target’s education opportunities; making threatening sexual statements directed at or about the target; or gossiping about the target’s sexuality or sex life. Such conduct may also constitute sexual harassment which is prohibited by the district.

Understanding and Preventing Bullying

A. Student and Staff Education and Training

A full copy of this policy will be posted on the district’s website and included in all district handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the district’s annual written notice of the availability of the district’s anti-bullying policy. Written notice of the policy will also be posted at various places in all district school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the district’s commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the district’s other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district’s bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and the district’s strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Parents and guardians may participate in a parent education component.

B. Safe School Committees

Each Safe School Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety.

With respect to student bullying, each Committee shall assist the board in promoting a positive school climate. The Committee will study the district’s policy and currently accepted bullying prevention programs (available on the state department website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and cover: (i) needed staff development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing behavioral health resources.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against a bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal on an official report form. Any staff member who witnesses, hears about, or suspects bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the district's website, and in the bullying prevention education provided annually to students and staff. The district's anti-bullying program is coordinated at the district level by the superintendent.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether bullying occurred, (ii) the severity of the incident(s), and (iii) the potential for future violence.

In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinator that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. Referral of a person who commits an act of bullying can/may be referred to a delinquency prevention and diversion program administered by the Office of Juvenile Affairs (OJA). These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. The district is not responsible for paying for these services. No school employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 §1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within one (1) school day that a bullying report has been received. Within one (1) school day of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation.

If the report of bullying is substantiated, within one (1) school day of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

The timelines in this parental notification section may be reasonably extended if individual circumstances warrant such an extension.

Parental Responsibilities

All parents/guardians will be informed in writing of the district's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

Student Transfers

Students who are victims of bullying, and who report the incident(s) to school administrators, may choose to transfer to another school district. Any application for transfer must be made in accordance with the receiving school district's transfer policy.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 et seq., the district will identify a Bullying Coordinator who will serve as the district contact responsible for providing information to the State Board of Education. The Bullying Coordinator shall

maintain updated contact information on file with the State Department of Education and the school district will notify the State Department of Education within fifteen (15) days of the appointment of a new Bullying Coordinator.

A copy of this policy will be submitted to the State Department of Education each school year.
