	POLICIES AND REGULATIONS	

POLICY REVIEW AND EVALUATION

In an effort to keep its written policies up to date so that they may be used consistently as a basis for Board action and administrative decision, the Board will review its policies on a continuing basis.

The Board will evaluate how the policies have been executed by the school staff and will weigh the results. The Board will rely on the school staff, students, and the community for providing evidence of the effect of the policies it has adopted.

As part of the process to review Board policy continually:

1. The Superintendent is given the continuing commission of calling to the Board's attention all policies that are out of date or for other reason(s) appear to need revision.
2. Each Board policy that is adopted, revised, or reviewed, shall be presented to the Board by the Superintendent no later than five years after the date of the Board's last official public action.
3. Annually, the Superintendent shall prepare a list of those policies to be reviewed during the succeeding school year. The Superintendent shall make every effort to present policies to the Board prior to their five-year anniversary date.
