Student Portal User

The Aberdeen School District is committed to providing effective opportunities to enhance school-home communication.

In an effort to facilitate this communication, the Aberdeen School District will make the Student Portal component of the Infinite Campus Student Management Software accessible to students attending the Aberdeen School District. The Student Portal allows students to monitor their attendance, assignments, and grades. Students electing to take advantage of the Student Portal must adhere to the following guidelines:

1. Students will not share their passwords with anyone.

2. Students will not use the Student Portal for any illegal activity, including violation of data privacy laws. Anyone found to be violating laws will be subject to civil and/or criminal prosecution.

3. Students will not access data or any account owned by another student/guardian.

4. Students who identify a security problem with the Student Portal must notify the District Technology Office immediately.

5. Students who are identified as a security risk to the Student Portal or any other Aberdeen School District computers or network, will be denied access to the Student Portal.
