

	ABERDEEN SCHOOL DISTRICT	NEPN Code: KDA
	POLICIES AND REGULATIONS	

Parent Portal User

The Aberdeen School District is committed to providing effective opportunities to enhance school-home communication. Educational research cites parental involvement as one of the most important components contributing to student success. Schools need parents to share in the responsibility and accountability for the outcome of their children's education.

In an effort to facilitate this communication, the Aberdeen School District will make the Parent Portal component of the Infinite Campus Student Management Software accessible to parents/guardians of students attending the Aberdeen School District. The Parent Portal allows parents/guardians to monitor the attendance, assignments, and grades of their children. Parents/Guardians electing to take advantage of Parent Portal must adhere to the following guidelines:

1. Parents/guardians will not share their passwords with anyone, including their own children.
2. Parents/guardians will not use the Parent Portal for any illegal activity, including violation of data privacy laws. Anyone found to be violating laws will be subject to civil and/or criminal prosecution.
3. Parents/guardians will not access data or any account owned by another parent/guardian.
4. Parents/guardians who identify a security problem with the Parent Portal must notify the District Technology Office immediately at (605) 725-7133.
5. Parents/guardians who are identified as a security risk to the Parent Portal or any other Aberdeen School District computers or network, will be denied access to the Parent Portal.
6. Any parent who, by court order, has been deprived of visitation rights or of access to school records, shall not be permitted computer access to the school records.
