Peer Grading Peer grading is strongly discouraged due to potential privacy and legal issues. If it is used, it shall be allowed only when the teacher believes peer grading will be a valuable learning experience for the class. If peer grading is allowed, students shall not be asked to publicly reveal either their own grade or the grade of another student.

Make-Up Work It is the student's responsibility to request make-up assignments from teachers following any absence.

Teachers shall promptly provide make-up assignments and shall require them to be returned in an appropriate amount of time as per board policy.

Academic Assistance We believe that every student can learn and be successful in school. However, some students learn at different rates or do not respond to traditional methods of instruction. Academic assistance can be designed to provide time for the student to receive the additional individual instruction, guidance, and supervision necessary for academic success.

Academic assistance is expected to be assigned by an instructor to any student who has missing assignments, fails tests, is behind in class due to absenteeism, or is in danger of failure in the course. This may be assigned before, during and/or after school.

Promotion/Retention Teachers may recommend students for promotion when they have demonstrated mastery of the board-approved learning objectives.

The final decision to promote or retain a student shall rest with the principal after receiving information from parents/guardians, teachers and other appropriate school personnel.

Grade School Promotion

Kindergarten promotion is dependent upon readiness skills for first grade. In cases where this may be a question, the decision will be made in a committee with the parent or guardian, the instructor, and the principal. Promotion to the next grade level in grades first through fifth will be dependent on satisfactory completion of the course work. The final

determination on promotion and retention rest with the building principal (Board Policy JBC).

Grade School Retention

A student who has a year-end grade of 59% or less of the grade level curriculum checklist may be retained at the end of the school year. Students with a 60% or higher may be retained when considering other developmental factors.

In some situations a teacher may request a committee review. The committee may consist of the counselor, the teacher, the principal, the parent(s) or guardian(s) and another faculty member. The committee will recommend promotion or retention to the building principal and the parent or guardian.

The final decision in any case pertaining to grade placement of a regular education student shall rest with the appropriate building principal. The final decision for grade placement of a student with an IEP shall rest with the IEP team.

Middle School Retention

The final decision on retention will be made in May or when final grades are determined. In some situations, a student may not be making successful academic progress to assure an understanding of the basic fundamentals, and the classroom instructor may recommend retention. In this case, a conference will be held with parents or guardians, the instructor and middle school principal to discuss retention.

Special Education Services

Special education services are provided to the district through High Plains Educational Cooperative. Each cooperating school will establish an intervention team to provide the assistance necessary to allow students within the normal range of learning and/or behavior problems to remain in the regular classroom. After making thorough documentation that all possible solutions to help a student in the regular classroom has been tried and the alternatives have failed, a referral for a comprehensive evaluation may be made by the intervention team.

Library Services

The district employs a Librarian/Media Center Director that is responsible for the other library (paraprofessional) employees. The director is responsible for determining the schedule of media center staff and will provide as much service as possible. The director will work with the building principals to determine any changes that are needed at each building.

Counseling Services

The services of the guidance office are available to all students and instructors. The counselor's capacity is in guidance and counseling. Discipline situations are to be referred to the principal's office and not to the counselor.

Testing Program	The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and state required tests.
Testing Integrity	<p>In the administration of standardized tests, licensed staff (teachers, administrators and others) shall not:</p> <ol style="list-style-type: none"> 1. Provide inappropriate test preparation. 2. Modify test administration procedures. 3. Provide inappropriate assistance to students during test administration. 4. Change or fill in answers on student responses (paper or electronic). 5. Provide inaccurate data on student information (paper or electronic). 6. Discourage or exclude students from taking the test unless approved by the state educational agency. 7. Engage in any other practice to artificially raise student scores without actually improving underlying student achievement. <p>Failure by staff to follow district guidelines and/or state testing directions is grounds for termination.</p>

Reports

Progress Reports	<p>At the end of the ninth week of each semester, progress reports will be sent home for each student at the elementary schools and for middle school students that are performing at 75% or lower. Grades shall be turned in to the office on or before the established deadline.</p> <p>Student progress shall be periodically reported to the student and his/her parents/guardians. Whenever a student is falling behind or is failing to meet the grade level/course objectives, it is recommended that the teacher inform the student's parents/guardians.</p> <p>Teachers are required to update PowerSchool grades at least once a week with new grades posted by the second week of each new grading period.</p>
Report Cards	Report cards shall be issued to each student at the end of each grading period.
Attendance (Student)	Daily attendance records shall be maintained for each student in the schools. The primary responsibility for recording attendance shall be assigned to the teacher. Middle and high school teachers shall take attendance immediately after the bell has rung each class period and file it electronically. Elementary teachers shall file absences at the beginning of each day. It is essential that all teachers follow this procedure so that the office can determine if a student is unexcused or has checked out with the

office. Turning in daily attendance is mandatory. Teachers must keep accurate attendance records.

Accidents

Any school employee who discovers an accident on school property shall report the accident to the building principal or designated representative as soon as possible.

If the person requires medical treatment, the employee shall:

- send for medical help;
- make the individual as comfortable as possible while waiting for competent medical assistance to arrive; and
- notify the principal or designated representative.
- Complete an accident report.

If an employee present is qualified to administer first aid, that aid may be given. Qualified employees are those employees who have successfully completed an approved Red Cross first aid program or the school nurse.

If an employee is injured on the job, the supervisor should be contacted immediately and a report shall be made within ten days. The supervisor will then be responsible for contacting the district central office, who will in turn supply the injured employee with the appropriate forms to complete.

The employee must keep copies of all doctor's orders and provide a file copy to the district central office. The employee must inform the doctor or hospital that he/she is covered by the district workers compensation plan.

Child Abuse

Any district employee who has reason to know or suspect that a child has been injured as a result of physical, mental or emotional abuse or neglect or sexual abuse, shall promptly report the matter to the Department for Children and Families (DCF) office or to the local law enforcement agency if the DCF office is not open.

It is recommended the building administrator also be notified after the report is made.

District employees shall not contact the child's family or any other persons to determine the cause of the suspected abuse or neglect. It is not the responsibility of school employees to prove the child has been abused or neglected. (Board Policy GAAD)

Emergency Safety Intervention

Every effort should be made to prevent the need for the use of restraint and for the use of seclusion. All staff members are prohibited from engaging in the following actions with all students:

- Using prone (face-down) physical restraint;
- Using supine (face-up) physical restraint;
- Using physical restraint to that obstructs the student's airway;
- Using physical restraint that impacts a student's primary mode of

communication;

- Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and
- Use of mechanical restraint, except:
 - Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;
 - Any device used by law enforcement officers to carry out law enforcement duties; or
 - Seatbelts and other safety equipment used to secure students during transportation.

All staff members must be knowledgeable regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Parents/guardian will be notified any time that ESI is used with their child and the notification will be within two days of an incident. (Board Policies GAAF, GAO, JRB, JQ and KN)

Vandalism

Employees shall report any vandalism to their immediate supervisor as soon as possible.

Schedules

Facility Scheduling

Scheduling for use of facilities outside the school day is done through the Central Office. Please contact the Central Office to complete forms for use of facilities.

Special Events Scheduling

Contact your building principal to schedule special events- including assemblies, parties, field trips. Requests to use rooms in the building other than the teacher's assigned classroom (i.e., computer lab, auditorium, gym, etc.) are to be discussed with the building principal.

Detention

Detention may be assigned by teachers, administration, and support staff as a means of changing the behavior. Staff members issuing detentions must make parental contact for reasons other than cell phone possession/use, missing, work and other basic school rule infractions. Issues that may lead to parental frustration need to be communicated with the principal. Coverage

Benefits are for personal injury from an accident or occupational disease arising out of and in the course of employment with the district. Injuries which occur during recreational or social events under circumstances where the employee is under no duty to attend, and where the injury did not result from the performance of tasks related to normal job duties are not covered under workers compensation.

Injuries Occurring When an Employee is “Under the Influence”

The Workers’ Compensation Law clearly states that compensation is not payable if the injury was caused primarily by the intoxication of the employee or by the influence of any drugs, barbiturates, or other stimulants not prescribed by a physician. Under the law, the employer may require the employee to submit to a test for the presence of any or all drugs or alcohol in his or her system. If the injured worker refuses to submit to a drug test, it shall be presumed in the absence of clear and convincing evidence to the contrary that the injury was caused primarily by the influence of drugs or alcohol.

Recreational and Social Activities

Recreational and social activities are not compensable unless such recreational or social activities are an expressly required incident of employment and produce a substantial direct benefit to the employer beyond improvement in employee health and morale that is common to all kinds of recreation and social life.

Injuries Suffered While Traveling to and From Work

An injury suffered while going to or coming from work is not an injury arising out of and in the course of employment whether or not the employer provided transportation if such means of transportation was available for the

exclusive personal use by the employee, unless the employee was engaged in a special errand or mission for the employer, or access to the vehicle was an integral element of the employment. An employee who is injured while deviating from the course of his employment, including leaving the employer's premises, is generally not eligible for benefits unless such deviation is expressly approved by the employer.

Horseplay

An employee who is injured during horseplay occurring in the course of the workday is not entitled to benefits unless the injured employee is an innocent victim not participating in the activity.

Rights Amendment and Student Data Privacy Act. All personal student data must be stored on district owned devices. Storage of information on personal laptops, tablets, phone, flash drives, virtual servers or any other devices not owned by the district is prohibited. (Board Policy IDAE)

In all cases, the employee's immediate supervisor shall immediately be informed of any requests.

Disciplinary action may include penalties, up to, and including, termination.

The general public shall not be allowed to inspect a student's personal record files. The custodian of student records shall disclose the student's educational records only as provided for by law and in policy.

School officials with a legitimate educational interest may inspect student records without permission from the parent/guardian or eligible student.

Alternatively, or in addition to any action short of termination and placement on probationary status, the employee may be required to participate satisfactorily in an approved drug abuse assistance or rehabilitation program as a condition of continued employment.

The employee shall bear the cost of participation in such program.

This is intended to implement the requirements of the federal regulations promulgated under the Drug Free Workplace Act of 1988. It is not intended to supplant or otherwise diminish personnel disciplinary actions which may be taken under existing board policies or the negotiated agreement.

Employees shall not manufacture, distribute, dispense, possess or use illicit drugs, controlled substances, or alcoholic beverages at school, on or while utilizing school property, or at school sponsored activities or events. Compliance with the terms of this policy is mandatory. Employees who are found violating the terms of this policy will be reported to the appropriate law enforcement officers. Violations of this rule which violate the privacy rights of personnel could result in disciplinary actions being taken against the employee, including termination. See “Personnel Records.”

Sexual harassment will not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

- submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment;
- submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive working environment.

No district employee shall sexually harass, be sexually harassed, or fail to investigate or refer a complaint of sexual harassment for investigation. Complaints of sexual harassment by employees will be promptly investigated and resolved. Initiation of a complaint of sexual harassment will not adversely affect the job security or status of an employee, nor will it affect his or her compensation or work assignment. Violation of district policy shall result in disciplinary action, up to and including termination.

Employees who believe they have been subjected to sexual harassment should report the problem to their immediate supervisor. If an employee’s immediate supervisor is the alleged harasser, or if the employee is uncomfortable discussing the issue with his/her supervisor, the employee should report the problem to the principal or the superintendent.

- Damaging a student's or staff member's property;
