---	--	--

This is a new program for us and we will be working out details as we go. Initially we intend to start with the above options. Students whose parents have checked homework support will work on homework under the supervision of a teacher for an hour (unless picked up earlier). With recreation and play, an assistant will oversee structured/unstructured play time on playground, gym, and possible art/crafts/games. Under the third option, students will be allowed to play once homework is complete.
