

Magnolia School District

Hybrid Schedule

- MSD has developed and documented a plan with staggered schedules and on-site instructional days for separate student groups.

Group 1: Monday and Thursday are On-Site – Tuesday, Wednesday, Friday are Virtual

Group 2: Tuesday and Friday are On-Site – Monday, Wednesday, Thursday are Virtual

- Student Groups will be determined alphabetically at each campus in the event of a Hybrid Schedule.

Group 1: Students whose last names begin A-L

Group 2: Students whose last names begin M-Z

- Households and siblings will be considered among campuses, and a Change of Group form for adjusting according to those considerations will be provided.
- During On-Site Instruction, students will receive instruction that will allow them to successfully complete the Assignments provided during their Virtual days.
- Students will be provided directions and time to download the materials necessary to successfully complete the Assignments provided during their Virtual days so that internet access requirements are minimal.
- Attendance may be collected through the use of Zoom videos, completion of assignments, or other communication methods (email, phone call, or Teams check-in).
- If students need additional help, live support may be available from teachers, counselors, media specialists, and administrators.
- A campus-specific Digital Learning Guide has been provided on each Campus website.
- **It is understood that a Hybrid Schedule may never happen, but being prepared will cut down on confusion should it become necessary.**
