

## Tecumseh Public Schools Enrollment Options for the 2020-2021 School Year

### Option 1 – Traditional, In-Class Learning

*All students will automatically be enrolled in traditional, in-class learning that will begin on August 13, 2020. If you would prefer that your child be enrolled in one of the other options listed on this page, please contact your child's school for more details at your earliest convenience.*

In this plan, students remain full-time students in Tecumseh Public Schools with access to all programming options such as counseling, library use, transportation to and from school, and meals during breakfast and lunch.

Students will meet with certified teachers daily according to the school calendar to receive instruction, complete assignments, and receive feedback on their learning.

Students will be provided a Chromebook or iPad for daily use with teachers in the Canvas learning management system.

A full offering of our district's extracurricular activities will be available to students during elective periods as well as before and/or after school at the middle school and high school levels.

### Option 2a – Virtual Learning

*To be enrolled in Option 2a or Option 2b, please contact your child's principal for more information and to receive a Virtual Student Contract.*

This option is available for all students grades Pre-K through 12<sup>th</sup> grade allowing all students to remain enrolled in Tecumseh Public Schools.

Using Canvas, students enrolled in this option will have access to learning anywhere and anytime that they want to learn as long as they have access to the Internet. Certified teachers will work with students daily to meet their learning needs.

A Chromebook or iPad will be checked out to each virtual student by the district for use as needed.

Students will continue to have access to all school services as needed such as counseling and child nutrition.

### Option 2b – Virtual Learning with Participation in Extracurricular Participation for 7<sup>th</sup> – 12<sup>th</sup> Grade Students

Students enrolled in this option will have all of the virtual learning options listed above. In addition, students in Grades 7-12 will be able to participate in extracurricular activities at school such as band, FFA activities, vocal music, and athletics.

Daily attendance in these activities will be required in order to participate, but all other classes will be conducted in the virtual setting.
