GIVEN A PARKING TAG : _____ CRS MET DESIGNEE _____

2022-2023 STUDENT DRIVING / PARKING REGULATIONS

Students driving to school and parking in the student parking lot will make use of parking zones this year. Students will park on a first come first serve parking basis in a zone designated for their grade level. This is a change this year. Seniors and Juniors will have spots available on both lots (Northeast & Southeast). Sophomores and Freshman would have the ability to park in the Northeast lot. Students are required to ALWAYS park in this zone designated by their grade level, and parking tags are color coded to match their parking pass.

Seniors	Yellow Zone
Juniors	White Zone
Soph/Fresh	Light Blue

Parking passes will be assigned and distributed on a first come first serve basis. Students are required to register their cars and will be required to park on the northeast and southeast side high school parking lots. There is no parking in the northwest lot this school year. Students driving their vehicle to school are required to purchase a parking permit tag and display the tag on their rearview mirror daily. Students are not to park in employee parking areas during the school day. Students are also expected to abide by the following regulations:

1. Reckless driving will not be tolerated.
2. Students are to vacate cars immediately upon arrival and are not to sit in them during lunch or school hours.
3. Roadside parking is prohibited.
4. All cars must use the proper entrance and exit drives to the school.
5. Parking in grass areas or driving through unpaved areas is prohibited.
6. After school, students should not leave the parking lot while the buses are in motion.
7. Students are required to park in the student parking lots and display a parking tag for the current school year.
8. Students are not to transport other students skipping class or violating other school Rules.

Students who violate any parking regulations will be subject to assignment of disciplinary consequences by OHS Administration.
