

Russellville Middle School Suggested Items List 2019-2020

Russellville Middle School plans to provide or make available most of the supplies needed for class. That includes sanitary items such as wet wipes, tissue paper, and or hand sanitizer. That also includes markers, poster boards, colored pencils and or crayons. This is not an all inclusive list but covers most common items. There may be a few things specific to a project or class that your student will be asked to bring but they will find those things out in the course of the school year. There are a few things we ask your student to have everyday for class and we ask that you provide these things:

- Writing Utensil (pen and or pencil depending on the class)
- Something to write on (lined paper)
- Binders to keep work in (it is okay to wait until school starts to see what type of binder may be needed)

If you would like your student to have their own products for instruction or sanitary purposes you are welcome to purchase them.
