PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3105, 3110, 3500, 3510, 3120, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY2019, identify those late payments recorded as Intergovernmental Receivables, Other Receivables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments

Date:

25. For the listed mandated categorical (Revenue Code (3110, 3500, 3510, 3100, 3105) that were vouchered prior to June 30th, but not released until after year end as reported in ISBE FRIS system, enter the amounts that were accrued in the chart below.

Account Name	3110	3500	3510	3100	3105	Total
Deferred Revenues (490)						
Mandated Categoricals Payments (3100, 3105, 3110, 3120, 3500, 3510, 3950)		1				1
Direct Receipts/Revenue						
Mandated Categoricals Payments (3100, 3105, 3110, 3120, 3500, 3510, 3950)						0
Total						1

- Revenue Code (3110-Sp Ed Personnel, 3510-Sp Ed Transportation, 3500-Regular/Vocational Transportation, 3105-Sp Ed Funding for Children Requiring Services, 3100-Sp Ed Private Facilities, 3120-Sp Ed Regular Orphanage Individual, 3950-Regular Orphans & Foster Children)

PART E - QUALIFICATIONS OF AUDITING FIRM

- School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program for the current peer review.
- A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Instructions:

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The greatest amount allowed in the indirect cost calculation is \$25,000 for each contract. The contracts should be only for purchase services and not for salary contracts.

1. In column (A) enter the name of the **Fund-Function-Object of the account** where the payment was made on each contract in the current year.
2. In column (B) enter the number of the **Fund-Function-Object (use this format [00-0000-000])** of the account where the payment was made on each contract for the current year. Use only the functions listed on page 30. Only enter contracts that were paid in the functions listed on the indirect cost calculation, page 30.
3. In Column (C) enter the name of the Company that is listed on the contract.
4. In column (D) enter the total amount **paid** in the AFR for the contract. The amount must be less than or equal to the amount reported in the AFR's "Expenditures 15-22" tab.
5. Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).
6. The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (page 30) for Program Year 2021.
7. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this form, they are excluded from the Indirect Cost Rate calculation.

Independent Auditor's Report

To the Board of Education
Peoria Heights Community Unit School District No. 325
Peoria, Illinois

We have audited the accompanying financial statements of Peoria Heights Community Unit School District No. 325 which are comprised of the Statement of Assets and Liabilities Arising from Cash Transactions as of June 30, 2019, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), the Statement of Revenues Received (All Funds), and the Statements of Expenditures Disbursed - Budget to Actual for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions prescribed and permitted by the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note #1 of the financial statements, the financial statements are prepared by Peoria Heights Community Unit School District No. 325 on the basis of the financial reporting provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the audit requirements of State of Illinois.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Peoria Heights Community Unit School District No. 325 as of June 30, 2019, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of Peoria Heights Community Unit School District No. 325 as of June 30, 2019, and the respective changes in regulatory basis financial position, and the respective budgetary comparison statements for the fiscal year then ended, in accordance with the financial reporting provisions prescribed by the Illinois State Board of Education and described in Note #1.

Other Reporting Responsibilities

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules on pages 23 through 25, statistical section on pages 26 through 30 and the itemization schedule on page 33, and Schedules for Trust and Agency Funds are presented for the purposes of additional analysis and are not a required part of the financial statements of Peoria Heights Community Unit School District No. 325. Such information, except for the average daily attendance figure, included in the computation of operating expense per pupil on page 27 and per capita tuition charges on page 28, is the responsibility of management and has been derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The information on pages 27-28 & 30 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations.

Other Information

The information provided on pages 2 through 4, and page 36 are presented for the purposes of additional analysis and are not a required part of the financial statements of Peoria Heights Community Unit School District No. 325. The Report on Shared Services or Outsourcing on page 31 contains unaudited information concerning prior, current, and future year expenditures which was provided by the District. The Administrative Cost Worksheet on page 32 contains unaudited information concerning the current year budget which was provided by the District. The actual expenditure information on this page is fairly stated in all material respects in relation to the financial statements as a whole. The average daily attendance figure, included in the computation of operating expense per pupil on page 27 and per capita tuition charges on page 28, have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

The Table of Contents references a Federal Compliance Section on Pages 37-46; however, this District was not required to have a Single Audit and this section has not been completed.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated October 2, 2019, on our consideration of Peoria Heights Community Unit School District No. 325 internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Peoria Heights Community Unit School District No. 325's internal control over financial reporting and compliance.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education
Peoria Heights Community Unit School District No. 325
Peoria Heights, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Peoria Heights Community Unit School District No. 325 Client, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Peoria Heights Community Unit School District No. 325's basic financial statements and have issued our report thereon dated October 2, 2019. Our report expressed an adverse opinion on the financial statements because the financial statements are not prepared in accordance with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Peoria Heights Community Unit School District No. 325's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Peoria Heights Community Unit School District No. 325's internal control. Accordingly we do not express an opinion on the effectiveness of the Peoria Heights Community Unit School District No. 325's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Peoria Heights Community Unit School District No. 325's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control that we considered to be material weaknesses described in the accompanying schedule of findings and questioned costs as Finding 2019-001.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies described in the accompanying schedule of findings and questioned costs as Finding 2019-002 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Peoria Heights Community Unit School District No. 325's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as Findings 2019-003

Peoria Heights Community Unit School District No. 325's Response to Findings

Peoria Heights Community Unit School District No. 325's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Peoria Heights Community Unit School District No. 325's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PEORIA HEIGHTS COMMUNITY UNIT SCHOOL DISTRICT NO. 325
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #1 - Summary of Significant Accounting Policies

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

Component Units

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are, therefore, excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

B. Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

Governmental Funds -

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The Operations and Maintenance Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Debt Services Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

The Transportation Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

Governmental Funds (cont'd.)

The Illinois Municipal Retirement/Social Security Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Tort Fund accounts for financial resources held by the District to be used for tort immunity and tort judgment purposes.

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Fire Prevention and Safety Fund and Capital Projects Fund are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Trust Funds).

Fiduciary Funds -

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

The Agency Funds include Student Activity Funds. They account for assets held by the District as an agent for the students, teachers, and other entities. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the activity fund organizations are equal to the assets.

Governmental and Expendable Trust Funds - Measurement Focus

The financial statements of all Governmental Funds and Expendable Trust Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets and General Long-Term Debt Account Group

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

The District does not maintain a formal capitalization policy, but does follow grant guidelines when applicable.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$458,739 which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$7,102,003. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

PEORIA HEIGHTS COMMUNITY UNIT SCHOOL DISTRICT NO. 325
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

General Fixed Assets and General Long-Term Debt Account Group (cont'd.)

The estimated useful lives are as follows:

Depreciable Land	50 years
Buildings	
Permanent	50 years
Temporary	25 years
Infrastructure Improvements other than Building	20 years
Capitalized Equipment	3-10 years

Long-term liabilities are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

D. Budgets and Budgetary Accounting

The budget for all Governmental Funds and for the Expendable Trust Fund is prepared on the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17-1 of the Illinois Compiled Statutes. The budget was passed on September 12, 2018, which was not amended.

PEORIA HEIGHTS COMMUNITY UNIT SCHOOL DISTRICT NO. 325
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #1 - Summary of Significant Accounting Policies (cont'd.)

D. Budgets and Budgetary Accounting (cont'd.)

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected on the financial statements:

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits, and other investments with original maturities of less than 90 days.

F. Investments

Investments are stated at cost or amortized cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of banks insured by FDIC and savings and loan associates insured by FSLIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool, and all interest-bearing obligations of the State of Illinois.

G. Inventories

Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

H. Fund Balances

In accordance with Government Accounting Standards, fund balances are classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts.

PEORIA HEIGHTS COMMUNITY UNIT SCHOOL DISTRICT NO. 325
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #1 - Summary of Significant Accounting Policies (cont'd.)

H. Fund Balances (cont'd)

Restricted - The restricted fund balance classification refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The District has certain funds that are, by definition, restricted for specified purposes. These funds consist of the Operations and Maintenance, Debt Services, Transportation, Municipal Retirement/Social Security, Capital Projects, Tort, and the Fire Prevention and Safety funds.

Committed - The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policies or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by the School Board itself by assigning amounts to be used for specific purposes.

Unassigned - The unassigned fund balance classification is the residual classification for amounts in the general funds (Educational and Working Cash) for amounts that have not been restricted, committed, or assigned to specific purposes within the general funds.

It is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned fund balances) are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which is a special purpose reporting framework. The regulatory basis reports Reserved and Unreserved fund balance. See Note #3 for more detail.

Note #2 - Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. Taxes are levied in Peoria County. The 2018 levy was passed by the Board on December 12, 2018. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June 1 and September 1. The District receives significant distributions of tax receipts approximately one month after these due dates. The District received \$2,404,158 from the 2018 tax levy on or before June 30, 2019. The balance of taxes in these statements are from the 2017 and prior year levies.

The following are the tax rates applicable to the various levies per \$100 of assessed valuation:

Note #3 - Regulatory Fund Balances

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which consists of Reserved and Unreserved Fund Balances. Reserved Fund Balances results when constraints placed on fund balance use is either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. Unreserved Fund Balances consists of fund balance that does not meet the criteria of the preceding category.

The District has the following categories of reserved fund balances:

1. Special Education Levy

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no reserved fund balance.

2. Social Security Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a reserved fund balance of \$117,656.

3. School Facility Occupation Tax

Proceeds from the school facility occupation tax have been included in the Capital Projects Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a reserved fund balance of \$100,706.

PEORIA HEIGHTS COMMUNITY UNIT SCHOOL DISTRICT NO. 325
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #3 - Regulatory Fund Balances (cont'd)

4. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational, Transportation, and IMRF/Social Security Funds. Revenue received exceeded expenditures disbursed for this purpose, resulting in a reserved fund balance of \$497,895.

5. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

When both reserved and unreserved resources are available for use, it is the District's policy to use reserved resources first to finance qualifying activities, then unreserved resources as they are needed.

Note #4 – Deposits and Investments

The District is allowed to invest in securities as authorized by the District's investment policy, Sections 2 and 6 of the Public Funds Investment Act (30 ILCS 235), and Section 8-7 of the School Code of Illinois (105 ILCS 5). These include the following items:

- (1) in bonds, notes, certificates of indebtedness, treasury bills, or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- (2) in interest-bearing savings accounts, interest-bearing certificates of deposits, interest-bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;
- (3) in short term obligations of corporations organized in the United States with assets exceeding \$500,000,000;
- (4) in money market mutual funds registered under the Investment Company Act of 1940;
- (5) in short term discount obligations of the Federal National Mortgage Association;
- (6) in dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States and is located within the State of Illinois;
- (7) in a Public Treasurer's Investment Pool created under Section 17 of the State Treasurer Act;
- (8) in the Illinois School District Liquid Asset Fund Plus;
- (9) in repurchase agreements of government securities;
- (10) in any investment as authorized by the Public Funds Investment Act, and Acts amendatory thereto.

Note #4 – Deposits and Investments (cont'd.)

Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

As of June 30, 2019, none of the District's deposits were exposed to custodial credit risk.

Custodial Credit Risk of Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, none of the District's investments were subject to custodial credit risk due to one of the following:

- Investments were part of an insured pool
- Investments were book-entry only in the name of the District and were fully insured
- Investments were part of a mutual fund
- Investments were held by an agent in the District's name

Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The Public Funds Investment Act contained in the Illinois Compiled Statutes limits the types of investment a public agency may purchase. The investment policy adopted by the District does not limit further its investment choices.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. Disclosures are required for any issuer that represents 5% or more of total investments, exclusive of mutual funds, external investment pools and investments issued or guaranteed by the U.S. government. The District's investment policy places no limit on the amount the District may invest in any one issuer. As of June 30, 2019, 100% of the District's investments were in an ISDLAF+ (Investment Pool).

Note #4 – Deposits and Investments (cont'd.)

ISDLAF+ (Investment Pool) -

During the year ended June 30, 2019, the District maintained an account with the Illinois School District Liquid Asset Fund Plus (also known as ISDLAF+). ISDLAF+ is an external investment pool created in cooperation by the Illinois Association of School Boards, the Illinois Association of School Business Officials, and the Illinois Association of School Administrators. Its primary purpose is to provide School Districts, Community College Districts, and Educational Service Regions with an alternative investment vehicle, which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The Multi-Class Series invests in money market instruments having a maximum remaining maturity of one year (except that U.S. government obligations may have remaining maturities of up to two years). It has earned an AAA rating from Standard & Poor's ("S&P"). The Multi-Class Series consists of two classes of shares: the Liquid Class and the MAX Class. The Liquid Class offers check writing privileges, while the MAX Class does not.

ISDLAF+ also provides a Fixed Income Investment Program that allows investors to purchase investment instruments including certificates of deposit of banks and thrift institutions ("CDs"), commercial paper, and banker's acceptances. CDs purchased under this program are fully FDIC insured and have been classified as deposits for financial statement purposes.

At June 30, 2019, the District had investments of \$67,573 in the ISDLAF+ Liquid Class accounts. All other amounts were with ISDLAF+ CDs, which are classified as deposits for financial statement purposes.

Foreign Currency Risk

Foreign currency risk is the risk that an investment denominated in the currency of a foreign country could reduce its U.S. dollar value as a result of changes in foreign currency exchange rates. The District had no foreign currency risk as of June 30, 2019.

Note #6 – Pension Disclosures

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a cash basis for the year ended June 30, 2019, was \$255,344.

A. Teacher's Retirement System of the State of Illinois

Plan description

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration. The District employed 82 TRS members during the current fiscal year.

TRS issues a public financial report that can be obtained at <https://www.trsil.org/financial/cafrs/fy2018>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888)678-3675, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire of June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the State of Illinois.

A. Teacher's Retirement System of the State of Illinois (cont'd)

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2019, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2019, State of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective NPL associated with the employer, and the employer recognized revenue and expenditures of \$2,378,393 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019, were calculated to be \$18,826. \$15,755 was actually paid toward this obligation in the current fiscal year. Additionally, the District paid \$1,289 to complete the prior year obligation.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$155,115 were paid from federal and special trust funds that required employer contributions of \$15,279. \$15,279 of these contributions were actually paid in the current fiscal year.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3% if members are not exempted by current collective bargaining agreements or contracts.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the employer paid \$1,010 to TRS for employer contributions due on salary increases in excess of 6 percent, \$-0- for salary increases in excess of 3 percent and \$-0- for sick leave days granted in excess of the normal annual allotment.

Pension Expense

For the year ended June 30, 2019, the employer recognized TRS pension expense of \$33,333 on a cash basis under this plan.

B. Illinois Municipal Retirement Fund

Plan Description.

The District's defined benefit pension plan for non-certified employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information, for the plan as a whole, but not for individual employers. That report is available for download at <https://www.imrf.org/en/publications-andarchive/annual-financial-reports>.

Benefits provided.

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees covered by benefit terms.

At December 31, 2018, the following employees were covered by the benefit terms:

Retirees or Beneficiaries currently receiving benefits	44
Inactive employees entitled to but not yet receiving benefits	45
Active employees	<u>56</u>
Total Members	145

Contributions.

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2018 was 14.92%. The total employer contribution paid for 2018 was \$210,385. The District's contribution rate for the calendar year 2019 is 13.73%. The actual contributions paid during the fiscal year ended June 30, 2019 were \$222,011. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note #7 – Other Post-Employment Benefits

The District participates in two Post Employment benefit plans Other than Pensions. The two plans are the Teacher's Health Insurance Security (THIS) Fund and their own health insurance plan. All IMRF employers are required by State statutes to allow retirees to continue on their health plans.

A. Teacher Health Insurance Security

The employer participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

Note #7 – Other Post-Employment Benefits (cont'd)

A. Teacher Health Insurance Security (cont'd)

On behalf contributions to the THIS Fund

The state of Illinois makes employer retiree health insurance contributions on behalf of the employer. State contributions are intended to cover the actuarial costs to the THIS Fund that are not covered by contributions from active members which were 1.24 percent of pay for the year ended June 30, 2019. State of Illinois contributions were \$28,613, and the employer recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund

The employer also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2019. For the year ended June 30, 2019, the employer paid \$2,166 to the THIS Fund, which was 7.25 percent of the required contribution. Additionally, the District paid 2,331 in the current year to complete the prior year's required contribution.

Further information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under "Central Management Services" (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>). Reports prior to FY2013 are available under "Healthcare and Family Services" (<http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp>).

B. Post-Retirement Health Care Plan

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's self-funded health insurance plan. The retirees are responsible for a portion of the entire premium payment to secure coverage. For professional employees who retire before the age of 65 and have at least 20 years of service to the District, the District will contribute \$2,800 toward the annual premium of the retiree's choice of health insurance until the age of 65. The Unfunded Actuarial Liability has not been determined as of June 30, 2019.

Plan Description. The District administers a single-employer defined benefit healthcare plan. The Educational support employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not have a trust fund and therefore does not issue a separate publicly available financial report.

Funding Policy. The contribution requirements of the District may be amended by the School Board. Current policy is for the District to pay for post-retirement medical insurance benefits or premiums as they occur. With the exceptions for individuals that meet certain requirements, the District requires retirees to contribute 100% of the premium for their desired coverage. For professional employees who retire before the age of 65 and have at least 20 years of service to the District, the District will contribute \$2,800 toward the annual premium of the retiree's choice of health insurance until the age of 65. The premiums are established for the employee/retiree group, which currently range from \$498 per month for individual coverage to \$1,581 per month for family coverage. Although, with regard to retirees, this amount contains an implied rate subsidy by the District through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

Contributions Made. Cash basis expenditures reported by the District under the programs described above were \$3,267 for the fiscal year ended June 30, 2019. As of the end of the fiscal year, the District has two retired employee receiving benefits until they reach the age of 65. The future obligation for these retirees as of June 30, 2019 is \$2,100 based on current benefits being paid.

Note #10 - Interfund Receivables/Payables and Permanent Transfers

There were no interfund loans of permanent transfers during the year ended June 30, 2019.

Note #11 - Common Bank Accounts

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Note #12 - Deficit Fund Balances

As of June 30, 2019, the District did not have a deficit fund balance in any fund.

Note #13 - Self Insurance Plan

The District elected to become self-insured for the unemployment insurance. The District is therefore liable to the State for any payments made to any of its former employees claiming benefits.

Note #14 - Disbursements and Transfers in Excess of Budget

As of June 30, 2019, the District had no disbursements and/or transfers in excess of budget

Note #15 - Contingencies

The District has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The school board believes any adjustments that may arise from these audits will be insignificant to District operations.

Note #16 - Commitments

The District had no construction commitments outstanding as of June 30, 2019:

Unpaid Teacher's Contracts

Teacher's contracts for services rendered during the school year for teachers electing twelve-month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2019, the total amount of unpaid teacher's contracts for services performed during the year ended June 30, 2019, amounted to \$411,993.

The employee may notify the District up to four years prior to retirement and receive an increase in compensation not to exceed 6% over the prior year's salary for each of the remaining years of service. As of June 30, 2019, the District's future payments under this program are estimated to total \$57,777.

The District offers a contribution of between \$2,000 to \$5,000, depending on years of service, into a tax sheltered annuity for professional staff members with at least 20 years of creditable service to the District for anyone with an established tax sheltered annuity (TSA) for at least 5 years prior to retiring without any early retirement penalty cost to the District. For the year ended June 30, 2019, the District contributed \$10,000 for this program. Future payments under this program total \$-0-.

Note #21 – Subsequent Events

The District evaluates events and transactions that occur subsequent to year-end for potential recognition or disclosure in the financial statements through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued. The District believes there have been no significant subsequent events.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ending June 30, 2019

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:¹¹ **2019- 001** **2. THIS FINDING IS:** New Repeat from Prior Year?
Year originally reported? 2012

3. Criteria or specific requirement

AU-C 265 has prescribed definitions for significant deficiencies and material weaknesses in an entity's internal control structure. Internal controls are designed to allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements and safeguard assets. A concept of internal control is adequate segregation of duties.

4. Condition

Two individuals have the primary responsibility for performing most of the accounting and financial duties including key functions of recording, reconciling, and reporting cash transaction for the District. This structure reduces certain aspects of the internal control system which rely on adequate segregation of duties.

5. Context¹²

All District accounting and financial records are maintained by two individuals.

6. Effect

Two individuals have the ability to complete and record accounting functions which ideally would be segregated.

7. Cause

The Board has determined that two individuals are sufficient to perform the required duties.

8. Recommendation

The Board should take steps it considers necessary to limit the risks that a lack of segregation of duties presents; such as, but not limited to, hiring additional staff.

9. Management's response¹³

The Board of Education currently believes the cost of additional staff outweighs any benefits that may be realized.

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numerical sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.)

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/o number of items examined and quantification of audit findings in dollars

¹³ See §200.521 *Management decision* for additional guidance on reporting management's response.

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:¹¹ 2019- 002 **2. THIS FINDING IS:** New Repeat from Prior Year?
 Year originally reported? 2012

3. Criteria or specific requirement

In accordance with prescribed definitions in AU-C 265, it is a strong indication of a material weakness in internal control if an entity lacks sufficient controls over the period-end financial reporting process. AU-C 265 provides guidance regarding the extent to which the auditor may be involved in drafting an entity's financial statements.

4. Condition

The District relies on the auditor to prepare drafts of full disclosure financial statements (including notes). The District currently lacks sufficient expertise to prepare year end, full disclosure financial statements without significant assistance from the auditor. The District does not lack the ability to review and approve all journal entries and the drafted financial statements.

5. Context¹²

Although the auditor can propose adjustments and assist in assembling or drafting the financial statements, the auditor cannot establish or maintain the District's internal controls, including monitoring ongoing activities, since doing so would impair the auditor's independence.

6. Effect

Lack of sufficient expertise for full disclosure year-end financial statement preparation could result in controls not being effective in preventing or detecting material misstatements, particularly in the related footnotes to the financial statements.

7. Cause

The District has not retained an individual to specifically monitor standards promulgated by the American Institute of Certified Public Accountants as they relate to full disclosure financial reporting. Preparation of full disclosure year- end financial statements is not an assigned function for the District accounting staff.

8. Recommendation

The District should review the additional costs it would incur to prepare the financial statements internally with the corresponding reduction of risk associated with material misstatement of the District's financial statements.

9. Management's response¹³

Management is currently confident with the abilities of the accounting staff to prepare interim financial statements. The District has also accepted the additional risk associated with the auditor drafting the year-end financial statements including the notes to the financial statements. Management will review, approve and take responsibility for the financial statement.

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numerical sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.)

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/o number of items examined and quantification of audit findings in dollars

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:¹¹ **2019- 003** 2. THIS FINDING IS: New Repeat from Prior Year?
Year originally reported? 2018

3. Criteria or specific requirement

Loans under 105 ILCS 5/10-22.33 are to be approved by the school board prior to the funds being transferred.

4. Condition

During the year the Debt Service and Capital Project funds incurred negative cash and investment balances during some months. These negative balances were in a common bank account and covered by available monies of other funds. This condition resulted unauthorized loans.

5. Context¹²

The District made unauthorized loans to the Debt Service and Capital Projects Funds during the year ended June 30, 2019.

6. Effect

The negative cash and investment balances during the fiscal year created unauthorized loans to the Debt Service and Capital Projects Funds.

7. Cause

The District is not adequately monitoring its cash and investment balances.

8. Recommendation

The District should monitor the cash and investment balances more closely and make interfund loans or transfers when needed.

9. Management's response¹³

The recommendation will be implemented.
