

## What Participants Will Learn

- People in their age group are more likely to be hurt or killed in a vehicle crash
- Inexperience, distractions, and peer pressure cause unique driving hazards
- Speeding, alcohol, and “party drugs” greatly increase their risk of death
- As a driver or passenger, they can greatly reduce their risk by taking control
- Committing to changing their driving behavior makes personal, legal and financial sense

## Hear From Past Participants

### Alive at 25:

- “Opened my eyes to how dangerous driving really is.”
- “Made me more aware of what I am able to control in my driving.”
- “Brings fresh information to the forefront of my mind to help me really be prepared before I hit the road.”
