Mr. Washmon made a motion to approve the minutes of the board workshop meeting on November 3, 2016 and the regular meeting on November 14, 2016. The motion was seconded by Rev. Mason and passed by a vote of 6-0.

Mr. Bergfeld stated that no one requested to speak to the board during public participation.

Regarding the Business/Legal/Finance/Consent agenda, the board pulled the following items for individual consideration:

- Consideration of Gifts and Donations;
- Consideration of Purchase of Transportation Routing Software.

Rev. Hager made a motion, seconded by Dr. Nation to approve the following:

- Approval of Head Start Annual Report to the Public and Program Information Report (PIR).

The motion was passed by a vote of 6-0.

Mr. John Orbaugh, director of technology, provided an update regarding the district's current phone system. The district purchased a voice over IP telephone system in August 2004. He stated that the current system is outdated and becoming obsolete as upgrades are not available and parts for repairs are expensive. He stated that an RFP was issued and the district evaluated the proposals received based on price, quality, resources, financial stability and K-12 experience. He then answered questions from the board. Dr. Crawford reminded the board that this was presented as a discussion only and that any decision would be considered at a subsequent meeting.

Mr. Tim Loper and Steve Hulsey with Corgan Associates, Inc. presented a facilities update that reviewed the schools that are still in need of improvements which included John Tyler High School, Robert E. Lee High School, Dogan Middle School, Hubbard Middle School and Hogg Middle School. Mr. Loper provided the costs associated with building new or making renovations at each school. He stated that the administration has looked at many different models and options. The construction market is very competitive. A brand new high school on either side of town would cost approximately \$130 million. He discussed additions and renovations at the two high schools and explained what that might look like at the current high school sites. Based on the enrollment projections in the demographic study, it would be hard to recommend the three high school model. Dr. Crawford stated that the district cannot afford three high schools.

Mr. Bergfeld stated that we must know our community. He feels that \$289 million is too much to put on taxpayers. It must be something the community can support. He also stated that he cannot see bulldozing a good facility such as the REL Fine Arts Center. Rev. Hager stated that he is confident that the district has the expertise to renovate schools in such a way that it is difficult to tell the difference between renovated and new. Renovating some areas can also create huge cost savings for taxpayers.

Rev. Mason asked about the potential for addressing the facility needs at the remaining middle schools. Board members and Dr. Crawford then discussed the need for a long range plan for the middle schools that includes a programmatic review before moving forward with construction projects at the middle school level.

Regular Meeting December 12, 2016 Page 4 of 5

Mr. Loper stated that the district has put out a request for qualifications to select architects for the two high schools. Once selected, the architects would provide schematic/square foot models prior to calling the bond. It will take approximately a year for full drawings with actually construction taking two and a half years for completion in 2021 should a bond be approved by voters in May.

Dr. Crawford concluded the discussion by stating that the financial advisors have estimated that a home valued at \$155,000 would see an increase of \$39.11 in taxes if a \$200 million bond is passed.

Mr. Bergfeld stated that at the last regular meeting of the calendar year, each school board must announce which board members have met, exceeded, or are deficient in meeting the training requirements. The board reviewed the training requirements and a copy of the report is attached as Exhibit "A".

Regarding future business, Dr. Crawford reminded the board about the upcoming board workshop and the regular meeting.

The meeting adjourned at 9:25 p.m. following a motion by Rev. Hager, seconded by Mr. Washmon and a vote of 6-0.

Subject: Class Size Waiver Exemption

BACKGROUND INFORMATION

The Texas Education Agency (TEA) requires each school district in Texas to conduct a class size enrollment survey for grades K-4. If the survey indicates classes for grades K-4 exceeded the allowable class size limit of 22:1, the district is required to submit a request and a copy of the Board approved compliance plan to the State Waiver Unit. If a district exceeded the class size limit of 22:1 at a later date, the district has thirty (30) days from the date of non-compliance to submit a waiver request.

ADMINISTRATIVE CONSIDERATION

The number of class size waivers necessary for K-4.

- 8 classes required waivers in September of 2016
- 14 classes require waivers in January of 2017
- Classes were over by 9 students in September of 2016
- Classes are over by 14 students in January of 2017
- Four (4) campuses required class size waivers in September of 2016
- Five (5) campuses require class size waivers in January of 2017

Despite administration's best effort, there are a few classes that do exceed the 22:1 class size.

Subject: Draft Calendar for the 2017-2018 School Year (First Reading)

BACKGROUND INFORMATION

The Tyler Independent School District annually adopts the calendar for the following school year. The 2017-2018 calendar is consistent with all requirements set forth by the *Texas Education Agency* and is designed to satisfy the instructional minutes requirements of *House Bill 2610*. The calendar satisfies the *Texas Education Agency*'s testing calendar requirements for *STAAR/EOC* and *TAKS* testing dates. Per *HB 2610*, bad weather days are not reflected for students because the required number of instructional minutes has been met to allow the district to bank bad weather days.

ADMINISTRATIVE CONSIDERATION

In cooperation with community members, businesses, parents, and staff representatives on the District Planning Committee (DPC), the district recommends the proposed school calendar. The focus of the calendar continues to be what is best instructionally for student learning with community and staff considerations included. This includes the decision to have spring break the week following state testing and in sync with Tyler Junior College as they are the district's ECHS higher ed partner.

ADMINISTRATIVE RECOMMENDATION

The posting of the DRAFT calendar on the website will assist families and community members in planning for the following year and allow for any additional changes to the state assessment calendar. This time will also be used for administration to gather input from community members before the final approval in February.
